

Tree 2534 recommended for removal because it is declining

2647

2646

Fill on west side of trees

Fill on north side of trees

Tracking on south side of trees

No woody roots in
storm trench 15'
east of tree 2646

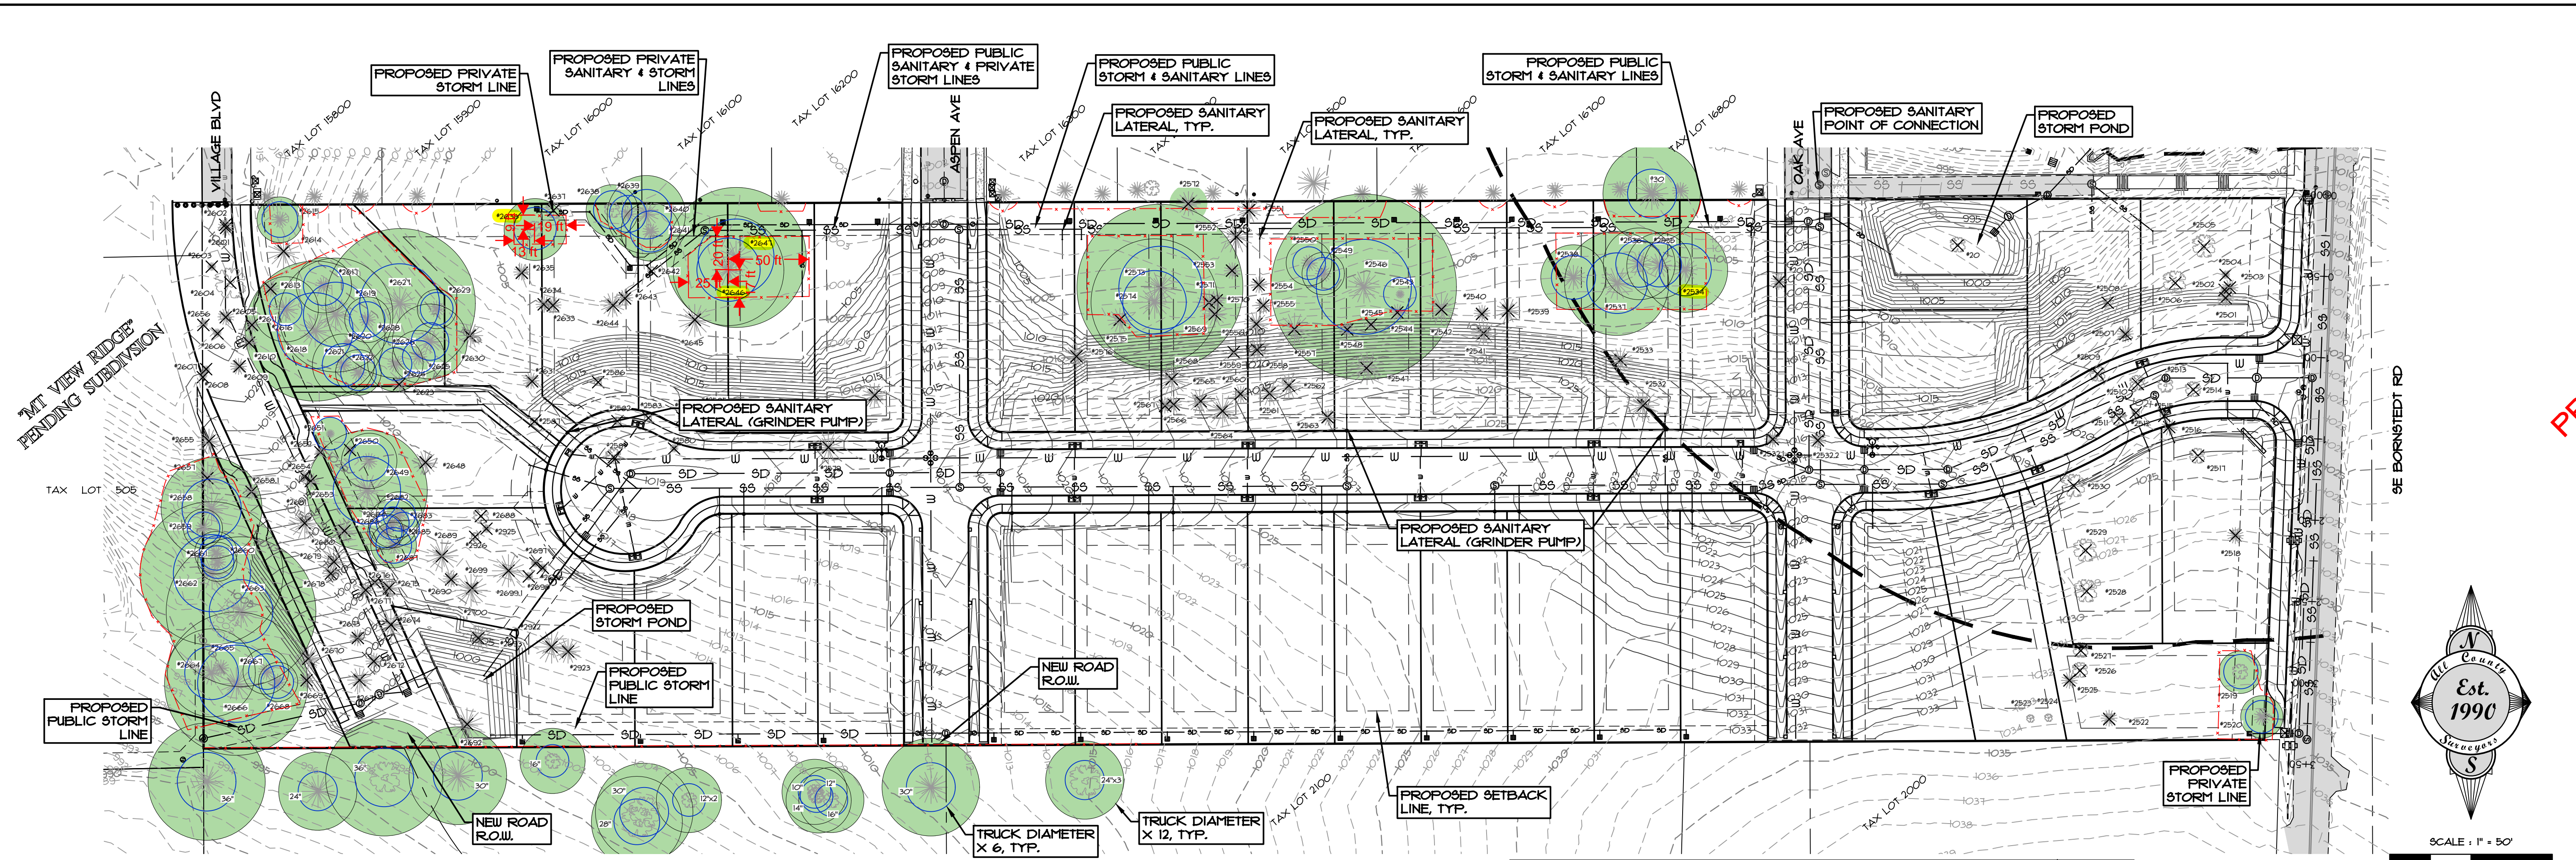

No woody roots in storm trench 20' south of tree 2647

2636

Fill OK up to contour
approximately 3' NW of
tree 2636 where there
was a previous pond
