Photos of soccer teams, both up and down.
Are there other areas in Sandy for the team practices and games?
If you left some of the parking along Meinig and then some new dates in the park that might leave more room for teams.
Many teams practice baseball, disc golf, frisbee.
Many people walk their dogs along the track while watching their children.
Thanks.
Just don't want the new park to be too busy to rule out what it's being used for currently.
