I have a love and passion for the arts. Especially for public art, both visual and musical. I am a long time resident of Sandy and look forward to seeing it grow and evolve as it has over the years. That being said, art is integral to a city's identity and I feel that now is an opportune time in Sandy's narrative to embrace more public art commissions for a colorful and vibrant future of our fair town. My enthusiasm for the arts and pride in my city will be a great asset to the Arts Commission.

I have experience in booking music acts, as well as public and private installations of Art. In some recent years I have worked in bronze foundries creating sculptures and monuments. I am experienced with working on a board to achieve a common goal, and feel that my array of skills will be very beneficial to the Sandy Arts Commission. I look forward to have the opportunity to serve the citizens of Sandy, past, present and future.

Besides the love all things artistic and creative? The City of Sandy is my hometown and I would really like to see if take a turn towards the arts. The City of Estacada has made large push toward murals and beautifying their city and I would like to see Sandy do the same as it is rebranding itself as something more that the "Gateway to Mt. Hood" but it is "Innovation Meets Elevation." Lets be innovative about how we keep the community feel of our ever-growing City.

- Lived in Sandy since I was 14 yrs old. - Mother of two kids (bringing the busy-family perspective... lol!) - Worked with digital art, acrylics, pencil, pen & ink, and oils - Started my own art career in 2017 (selling prints, products, and originals) - Muralist
