6. New Business

6.1. Vista Loop Subdivision

5 - 26

Vista Loop Subdivision is a 73 lot residential subdivision intended for future construction of single family homes and three open space tracts. Applicant, Maria Miller, AKS Engineering & Forestry, posed several questions in their pre-application documents.

Rochelle goes through a PowerPoint presentation that goes over their questions and additional information. Emily Meharg adds additional context.

Alexandria Gale asks since there is a park proposed in that location, does that affect this discussion?

Don Robertson answers that we're covered whether it's parkland or fee in lieu, however he would like to see parkland dedication from a Parks & Trails Master Plan Perspective.

David states he thinks the developer should have to build the park since he feels it will be that neighborhood using it.

Don recounts by asking David if he would still feel the same way if it was a ball field.

David confirms he would approve of a ball field.

Don summarizes that the Board would be interested in Parkland Dedication.
(The Board was not able to offer an official recommendation during this meeting due to a lack of quorum.)

6.2. Envision Sandy 2050- Comprehensive Plan

Shelley Denison led the group in information gathering for what the Parks Board would like Sandy to look like in the future (by 2050).

Questions such as:

What changes people want to see/be sustained in the next 30 years

Why did you chose to live in Sandy

What assets the city has that we don't want to lose

What does a small town feel mean to you

What needs improving

The group had a good discussion about what they like about Sandy and what they feel is needed in the future.

7. Old Business

7.1. Bornstedt Views Subdivision

This is an updated application that has already come before the board. It now is a proposed 43 lot subdivision (it was formerly 42). There are currently 2 other parks within a .1 to .3 mile range of this proposed park location. The proposed park system map does not show a need to add an additional park in this location due to service level requirements already being met by the existing parks.

Rochelle reviews PowerPoint Presentation.

Emily Meharg provides additional knowledge.

The Fee in lieu would be based on old fee structure since the application was submitted before the code changes.

Don Robertson asks about Lot 27 (shown on PowerPoint and in the agenda attachments).

Emily confirms it's a steep area with some retention trees.

Discussion ensues.

Alex likes the current recommendation.

David agrees.

Don concurs- initial action stands- The board recommends fee in lieu of parkland dedication for this updated application.

(The Board was not able to offer an official recommendation during this meeting due to a lack of quorum.)

Agenda

- 6.1 Vista Loop
- 6.2 Envision Sandy 2050 - Comprehensive Plan
- 7.1 Bornstedt Views Subdivision

NEW BUSINESS: 6.1 Vista Loop Subdivision

- Pre-Application meeting held June 2, 2022
- Input from the Parks Board will be submitted in writing to Planning

Location

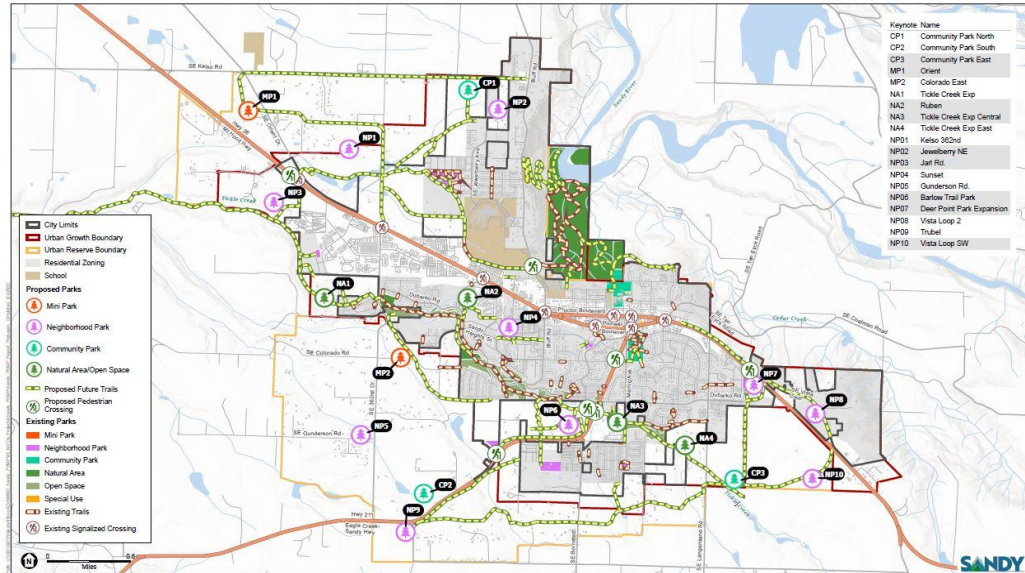

Question Posed by the applicant in the pre-app meeting

Does the 2022 PTMP show a future park in this location

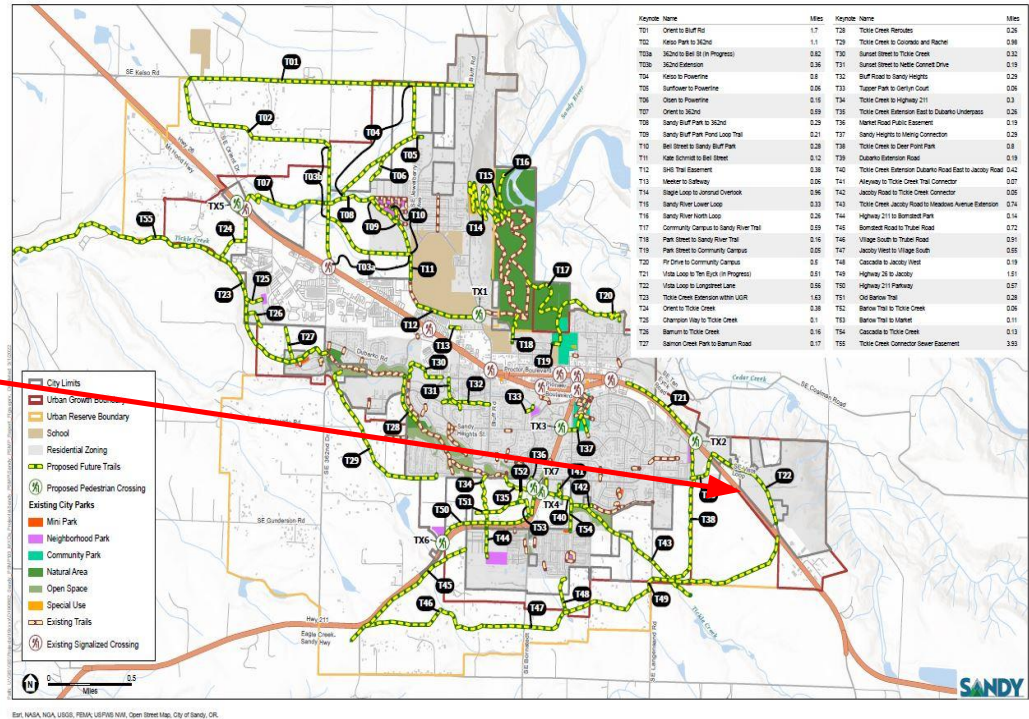

Yes. NP8

Question Posed by the applicant in the pre-app meeting

PTMP shows a future trail T22.
Will the project be required to accommodate a future trail?

Question Posed by the applicant in the pre-app meeting

City Staff indicated that it was planned to increase the multiplier listed in the code from 0.0043 to 0.0053.

- On June 6, 2022 there is a public hearing to adopt the code changes to 17.32 & 17.86
 - If the ordinance is adopted via an emergency clause the code changes will go into effect immediately
- The multiplier will be increased to 0.0068

Question Posed by the applicant in the pre-app meeting

Applicant asked to be advised if the active parkland obligation can be satisfied by payment of fee-in-lieu.

- FIL using 0.0043 = \$226,540
- FIL using 0.0068 = \$359,090
- Parkland dedication using 0.0043 = ±0.94 acres
- Parkland dedication using 0.0068 = ±1.49 acres

- To note:
 - The SDC/FIL methodology is being updated (as reviewed during the May 5, 2022 PTAB meeting)
 - This could result in a higher FIL multiplier. This is ultimately a policy decision made by Council

Staff Recommendation

- PTAB should recommend that the future development should accommodate for a trail as listed in the PTMP
- PTAB should also recommend for parkland dedication as opposed to FIL
