4. Changes to the Agenda

5. Public Comment

The Parks & Trails Advisory Board welcomes your comments at this time.

The Board Chair will call on each person when it is their turn to speak for up to three minutes.

6. Old Business

6.1. Community Campus Park Improvement 119 - 136

The Parks Board will receive an update from Lango Hansen Landscape Architects and American Ramp Company (ARC). Lango Hansen and ARC will provide a debrief of the second open house, feedback gleaned from the focus groups, and input regarding the three concepts, and results of the second online survey.

Rochelle gives a brief overview of the project to date.

Kurt presents the 3 park concepts and also shows a PowerPoint of the survey results. Per the survey results, The Meander Concept was the preferred concept in many categories such as overall design, skate park, pump track, parking lot, playground, and walking path. Expansion options were also presented.

Discussion ensued about the square footage of each amenity, switchbacks, and keeping the skatepark from consuming the park. Multiple board members liked the Meander design. A few concerns were voiced such as bathroom proximity to the playground and blind corners for mowing purposes.

PUBLIC COMMENT:

Scott Minton Introduces the Skates of Sandy. Explains that a 13,000 square foot skate park is a great improvement but that he's also excited for future expansion opportunities- they want as large of a skatepark as possible. He also spoke on it being inclusive, and open to all ages and abilities.

Mike Kays shared that the larger the skatepark is, the better. He also wants to make sure that it's beginner to advanced.

CHAT:

Note: This meeting was conducted over Zoom which allowed the participants to use the "chat function". A copy of the chat is attached.

- 7.2. **Discarded fishing line, hooks, and tackle concerns at Sandy River Park**

Tiana gives background. She explains that they did go down the Sandy River Trail to assess the situation and picked up trash while they were down there. The plan is to install a leave no trace sign and install a receptacle for fishing line and hooks.

Discussion ensues on property boundaries, if signage actually works as a deterrent, and if there an option to have a receptacle streamside.
Appreciation was shown for the effort and quick turn around of this concern.

7.3. Poll results of Parks & Trails Advisory Board meeting start time

Rochelle gives an over of poll results.

Starting in April, we will try and start time of 6:00pm and see if that continues to work for the board.

8. STAFF UPDATES

Rochelle's Updates:

OTSD's response to the Parks Board letter about Pickleball courts.

SDC'S/Fee in Lieu will be revisited- tentatively scheduled to go to Council 3/20

Tiana's Updates:

Snow/Tree removal

Restrooms have been painted at Meinig Park

Parks will be getting an intern 1 day a week thanks to help from Ant Farm

6. New Business

6.1. **Community Campus Park Development Plan Update # 2** 84 - 114

Kurt with Lango Hansen gives an update on the project particularly talking about the open house and the survey results. A PowerPoint presentation is shown.

A question is asked about the survey format.

Maddie with American Ramp Company speaks on the pump track/skate park portion in regards to the open house and the survey results.

Kurt goes over the upcoming schedule and the focus groups. Rochelle adds that 2 separate mailers have been sent to the neighbors closest to the park about the project and how to get involved.

Kurt gives a brief site analysis. Pre-app is set for March 9th.

Discussion ensues on Scenic street improvement needed, utilities, parking outside the UGB, noise abatement and complaints, lighting for after hours use,

parking, entrance and exit locations, additional handicap access off Scenic street, using the upper area for parking, and number of parking spots per acre.

[2023.02.08 SCP PTAB Powerpoint #2 sm](#)

6.2. **Park Naming Policy Review**

Rochelle introduces why we're looking at creating a park naming policy.

Suggested changes to the draft policy include an option to rename a park if it's determined the person it's named after conducted a severe crime, removing or changing the word "permanently", and clarification on if the person the park will be named after needs to be deceased or alive.

Discussion also included name carry overs and the use of corporate names.

Appreciation was expressed that this policy is being created and that it will be in place for when it's needed. One board member liked that community input was included as part of the policy.

Motion to accept edits to the policy.

5. Changes to the Agenda

6. New Business

6.1. Community Campus Park Improvement

Rochelle Gives an update on the Community Campus park project.
A request for proposals was put back out late October for the Park portion only. 4 proposals were received. 3 firms were interviewed. A notice to proceed was issued to Lango Hansen Landscape Architects.
American Ramp Company was also awarded a design contract for the skatepark/pump track.

Brian Martin, with Lango Hansen, gives an overview/update on the project highlighting the robust public engagement over the next 3 months.

Brian shares a PowerPoint presentation.

Discussion ensues on the funding, grant, track removal, the need for a park in that quadrant of the city, an older kids playground, inclusive play structures, being a tourism draw, robustness of timeline and open houses.

Maddie from American Ramp Company provided context on their involvement in the project and public engagement process.

6.2. Pickleball: Presentation and Discussion

79

Rochelle does a PowerPoint presentation on Pickleball.

Discussion ensues about experience using the existing courts, a new indoor court option (We Are Rec), not enough outdoor opportunities to play, cost, quantity of courts, and adequate parking.

Pickleball Public Comments:

- Lois Wiseman- Expressed interest in using the high school's tennis courts on a short term basis so there would be no need to resurface.
- Bernie Andreotti- Expressed that the high school has great parking and could be a great temporary solution.
- Bob Adams- Expressed that a new park or court is still 2-4 years out and a solutions needs to be found for the interim.
- Charlene Fine- wants to know how to keep the partnership with the school working. Expressed frustration with paying fees and taxes and still having issues accessing the pickleball courts. Agrees that she thinks the high school tennis courts could be an option.
- Vickie Adams- Thinks that designated size courts that are lined off would be ideal.
- Kathleen Walker- Does not like the idea of converting basketball courts.

8. STAFF UPDATES

Rochelle's Updates:

The path from the Community Campus down to the Sandy River Park has been flagged and progress is being made.
Cost recovery is moving along. Thanks to the Parks Board for participating in the joint work session with the council.

John's Updates:

Caroleana is our new Client Services Coordinator. She has already tackled Medicaid vouchers and is working on getting our respite program restarted.

Amy is our new Recreation Coordinator.

Congregate meals are in the works- we're working to partner with Ant Farm to provide meals.

Tabling events for the new park are underway and Amy will be assisting with these.

Winter recreation guide is out and going strong.

Mountain Storm is underway.

Holiday lights at Meinig was a success- we're looking forward to making it a long term event.

Tiana's Updates:

Lots time spent at Meinig for the lights- however it was a great event to be apart of.

Storm response was big with the recent ice storm and wind storm - they provided assistance with the ice storm.

The lights at Meinig were taken down and no vandalism occurred.

A truck to supplement their vehicle fleet was purchased.

7. Old Business

7.1. SDC / Fee in Lieu implementation plan (data analysis by FCS)

Rochelle gives an introduction and brief overview of SDCs/FIL. It's important to note that SDCs have not been raised since 2016.

John Ghilarducci shows a PowerPoint presentation on 4 implementation options we have to raise SDCs:

1. 5 year phase in
2. 10 year phase in
3. 15 year phase in
4. Set SDC to comparable communities and immediate implementation of full FIL.

Discussion ensues.

FIL Motion:

6. New Business

6.1. Vista Loop Subdivision

5 - 26

Vista Loop Subdivision is a 73 lot residential subdivision intended for future construction of single family homes and three open space tracts. Applicant, Maria Miller, AKS Engineering & Forestry, posed several questions in their pre-application documents.

Rochelle goes through a PowerPoint presentation that goes over their questions and additional information. Emily Meharg adds additional context.

Alexandria Gale asks since there is a park proposed in that location, does that affect this discussion?
Don Robertson answers that we're covered whether it's parkland or fee in lieu, however he would like to see parkland dedication from a Parks & Trails Master Plan Perspective.

David states he thinks the developer should have to build the park since he feels it will be that neighborhood using it.
Don recounts by asking David if he would still feel the same way if it was a ball field.
David confirms he would approve of a ball field.

6.2. Envision Sandy 2050- Comprehensive Plan

Shelley Denison led the group in information gathering for what the Parks Board would like Sandy to look like in the future (by 2050).

Questions such as:

What changes people want to see/be sustained in the next 30 years

Why did you chose to live in Sandy

What assets the city has that we don't want to lose

What does a small town feel mean to you

What needs improving

The group had a good discussion about what they like about Sandy and what they feel is needed in the future.

7. **Old Business**

7.1. Bornstedt Views Subdivision

This is an updated application that has already come before the board. It now is a proposed 43 lot subdivision (it was formerly 42). There are currently 2 other parks within a .1 to .3 mile range of this proposed park location. The proposed park system map does not show a need to add an additional park in this location due to service level requirements already being met by the existing parks.

Rochelle reviews PowerPoint Presentation.
Emily Meharg provides additional knowledge.

The Fee in lieu would be based on old fee structure since the application was submitted before the code changes.

Don Robertson asks about Lot 27 (shown on PowerPoint and in the agenda attachments).
Emily confirms it's a steep area with some retention trees.
Discussion ensues.

Alex likes the current recommendation.
David agrees.
Don concurs- initial action stands- The board recommends fee in lieu of parkland dedication for this updated application.
(The Board was not able to offer an official recommendation during this meeting due to a lack of quorum.)

8. STAFF UPDATES

John updates:

New building monitor has been hired- we are officially reopen for rentals
A Recreation Coordinator Position is now open for applicants
Upcoming events/fall programming
Ongoing work within the Parks & Recreation department to create a vision/mission statement.

Tiana updates:

Seasonal employee, Jacob, is working out great
Dog park is closed during June
Longest Day Parkway is coming up June 23rd- crew has been busy getting Cascadia Park ready.
Meinig Park- Park is being cleaned up to get ready for Mountain Festival in July.

Rochelle updates:

The RFP for the Community Campus has received a high volume of interest.
SDC methodology is going before the Parks Board July 13th, then on to Council, and then adoption in September.
Parks and Trails Board Advisory interviews are Monday, June 13th.

Question Posed by the applicant in the pre-app meeting

City Staff indicated that it was planned to increase the multiplier listed in the code from 0.0043 to 0.0053.

- On June 6, 2022 there is a public hearing to adopt the code changes to 17.32 & 17.86
 - If the ordinance is adopted via an emergency clause the code changes will go into effect immediately
- The multiplier will be increased to 0.0068

Question Posed by the applicant in the pre-app meeting

Applicant asked to be advised if the active parkland obligation can be satisfied by payment of fee-in-lieu.

- FIL using 0.0043 = \$226,540
- FIL using 0.0068 = \$359,090
- Parkland dedication using 0.0043 = ± 0.94 acres
- Parkland dedication using 0.0068 = ± 1.49 acres
- To note:
 - The SDC/FIL methodology is being updated (as reviewed during the May 5, 2022 PTAB meeting)
 - This could result in a higher FIL multiplier. This is ultimately a policy decision made by Council

6. New Business

6.1. Cost Recovery Training

Presentation on "The Smart Approach to Financial Sustainability" provided by Jamie Sabbach, President and CEO of 110%.

6.2. Cascade Creek Subdivision (Parkland vs FIL)

The Park's Board reviewed the proposed development Cascade Creek Apartments located at 38272 and 38330 Highway 211.

Presentation provided by Rochelle Anderholm-Parsch, Parks and Recreation Director.

Discussion ensued.

The Parks Board reviewed the proposed development and recommended two items.

1. Acceptance of fee in lieu of parkland dedication
2. The Parks Board supports the Parks Department in exploring the option to establish a development agreement to build certain amenities as listed in the Bornstedt Park Phase 2 master plan.

The Parks Board recommended a fee-in-lieu of parkland due to the proximity of Bornstedt Park and because the existing park satisfies the proposed park system requirements as listed in the Parks and Trails Master Plan. The Parks Board also supported the development of a sidewalk on the east side of village blvd. right-of-way to meet the trail requirements of Trail 44 as listed in the Parks and Trails Master Plan.

At this time, an official recommendation was not possible due to a lack of a quorum. If necessary, the Parks Board will reconvene to supply an official recommendation.

7.1. SDC / Fee in Lieu implementation plan (data analysis by FCS)

Rochelle gives an introduction and brief overview of SDCs/FIL. It's important to note that SDCs have not been raised since 2016.

John Ghilarducci shows a PowerPoint presentation on 4 implementation options we have to raise SDCs:

1. 5 year phase in
2. 10 year phase in
3. 15 year phase in
4. Set SDC to comparable communities and immediate implementation of full FIL.

Discussion ensues.

FIL Motion:

Motion to raise fee in lieu immediately to maximum of \$16,135 for a single family dwelling unit, \$11,963 for a multi-family dwelling unit, for \$12,996 for a mobile home dwelling unit.

6.1. Vista Loop Subdivision

5 - 26

Vista Loop Subdivision is a 73 lot residential subdivision intended for future construction of single family homes and three open space tracts. Applicant, Maria Miller, AKS Engineering & Forestry, posed several questions in their pre-application documents.

Rochelle goes through a PowerPoint presentation that goes over their questions and additional information. Emily Meharg adds additional context.

Alexandria Gale asks since there is a park proposed in that location, does that affect this discussion?

Don Robertson answers that we're covered whether it's parkland or fee in lieu, however he would like to see parkland dedication from a Parks & Trails Master Plan Perspective.

David states he thinks the developer should have to build the park since he feels it will be that neighborhood using it.

Don recounts by asking David if he would still feel the same way if it was a ball field.

David confirms he would approve of a ball field.

6.2. Envision Sandy 2050- Comprehensive Plan

Shelley Denison led the group in information gathering for what the Parks Board would like Sandy to look like in the future (by 2050).

Questions such as:

- What changes people want to see/be sustained in the next 30 years
- Why did you chose to live in Sandy
- What assets the city has that we don't want to lose
- What does a small town feel mean to you
- What needs improving

The group had a good discussion about what they like about Sandy and what they feel is needed in the future.

7. **Old Business**

7.1. Bornstedt Views Subdivision

This is an updated application that has already come before the board. It now is a proposed 43 lot subdivision (it was formerly 42). There are currently 2 other parks within a .1 to .3 mile range of this proposed park location. The proposed park system map does not show a need to add an additional park in this location due to service level requirements already being met by the existing parks.

Rochelle reviews PowerPoint Presentation.
Emily Meharg provides additional knowledge.

The Fee in lieu would be based on old fee structure since the application was submitted before the code changes.

Don Robertson asks about Lot 27 (shown on PowerPoint and in the agenda attachments).
Emily confirms it's a steep area with some retention trees.
Discussion ensues.

Alex likes the current recommendation.
David agrees.
Don concurs- initial action stands- The board recommends fee in lieu of parkland dedication for this updated application.
(The Board was not able to offer an official recommendation during this meeting due to a lack of quorum.)

8. STAFF UPDATES

John updates:

New building monitor has been hired- we are officially reopen for rentals
A Recreation Coordinator Position is now open for applicants
Upcoming events/fall programming
Ongoing work within the Parks & Recreation department to create a vision/mission statement.

Tiana updates:

Seasonal employee, Jacob, is working out great
Dog park is closed during June
Longest Day Parkway is coming up June 23rd- crew has been busy getting Cascadia Park ready.
Meinig Park- Park is being cleaned up to get ready for Mountain Festival in July.

Rochelle updates:

The RFP for the Community Campus has received a high volume of interest.
SDC methodology is going before the Parks Board July 13th, then on to Council, and then adoption in September.
Parks and Trails Board Advisory Interviews are Monday, June 13th.

Question Posed by the applicant in the pre-app meeting

City Staff indicated that it was planned to increase the multiplier listed in the code from 0.0043 to 0.0053.

- On June 6, 2022 there is a public hearing to adopt the code changes to 17.32 & 17.86
 - If the ordinance is adopted via an emergency clause the code changes will go into effect immediately
- The multiplier will be increased to 0.0068

Page 60 of 114

Page 64 of 139

Question Posed by the applicant in the pre-app meeting

Applicant asked to be advised if the active parkland obligation can be satisfied by payment of fee-in-lieu.

- FIL using 0.0043 = \$226,540
- FIL using 0.0068 = \$359,090
- Parkland dedication using 0.0043 = \pm 0.94 acres
- Parkland dedication using 0.0068 = \pm 1.49 acres

• To note:

- The SDC/FIL methodology is being updated (as reviewed during the May 5, 2022 PTAB meeting)
- This could result in a higher FIL multiplier. This is ultimately a policy decision made by Council

1. Work Session on Parks and Recreation Cost Recovery

- 1.1. **Cost Recovery and Financial Sustainability for Sandy Parks and Recreation** 4
Beneficiary of Services Virtual Workshop

Staff Report - 0638

The **Parks and Recreation Director** provided introductory remarks on the importance of cost recovery work in ensuring the long term sustainability of parks and recreation programming and the ability of the City to meet the parks and recreation-related needs of the community.

Jamie Sabbach, 110%, summarized her background and qualifications before beginning the presentation. A staff report and presentation slides were included in the agenda packet.

The presentation summarized a brief history of parks and recreation, context of parks and recreation spending trends in recent decades, relative spending on operations versus capital, impacts of economic factors and limited public resources, and the evolving importance of the cost recovery approach. A cost

Page 1 of 4

Page 75 of 79

Page 79 of 114

recovery model was then introduced, which involved establishing service categories based on purpose. Those present (not including staff) were invited to rank categories along a continuum from common good to individualized benefits. Further development of the cost recovery plan will involve identifying cost recovery goals to each category on the continuum, with those toward the individualized benefit end expected to carry higher cost recovery targets.

Discussion during the presentation involved the following issues:

- Whether it is appropriate to use the term 'subsidy,' which some feel carries a negative connotation
- The need to determine what the City can afford and what level of cost recovery is needed
- Whether cost recovery can or cannot apply to functions that do not charge entry fees
- Whether actual costs of providing services should affect cost recovery percentage goals
- Whether attendance and participation should be considered during the ranking exercise
- Whether city residency should be considered during the ranking exercise
- Whether non-profit agencies should be considered during the ranking exercise

Discussion following the ranking exercise involved the following issues:

- Whether the Mountain Festival example should have been categorized elsewhere
- The possibility that some services may have unseen or unanticipated community benefits
- The possibility that the availability of a service may be a benefit in and of itself, regardless of how much it is used
- Whether social equity services was adequately defined
- The importance of ensuring that a cost recovery plan continues to evolve in the future in the case of changing circumstances and needs

Following the exercise, it was noted that next steps in this process will involve synthesizing results from the exercises, designing a Beneficiary of Service model, refining cost of service figures, holding a goal setting meeting, completing the Strategy Continuum along with goals, and developing policies.

00:38:07 Councilor Don Hokanson: I think this trend to greater Operating Expense vs capital is not unique to Parks - I think it is typical of any capital-intensive industry where the assets have long lifespans.

00:48:31 Councilor Don Hokanson: Why is the target 100%? Is that the target for cost recovery?

00:50:41 Councilor Carl Exner: it should be 100% of what we decide is our acceptable

00:53:06 Councilor Don Hokanson: I think we need to be careful when applying a framework or model (like this model). The framework will define terms like Tax use/subsidy for the framework. We just have to understand how the definitions are used in the framework.

00:53:43 Councilor Don Hokanson: And acknowledge that the term will have different interpretations in other situations.

00:58:01 Councilor Don Hokanson: I don't think this about charging for events as much as it is about applying comprehensive financial discipline to all aspects of short and long term parks and rec planning.

01:19:00 Councilor Don Hokanson: @Jamie: No need to read my comments or respond to my earlier comment

01:28:56 Councilor Don Hokanson: Similar to the mayor's question, should we ignore participation/utilization by out-of-the-city residents and just rank based on residents?

01:57:24 Kimberly Seigel (PTAB): Did we have access to this material before this meeting? I feel like it would have been good to do a little homework on this ahead of time. Maybe I missed an email.

02:01:11 Councilor Carl Exner: this is the type of decisions make Council very effective - I would love to see similar decisional formats in other areas

02:01:33 Jeff Aprati (City Recorder): The agenda packet was published on December 8th and the system sent notification emails to the Council and Parks Board email addresses we had on file on that day

02:02:50 Councilor Don Hokanson: Thank you!

Dear Parks Board,

January 10, 2023

I am writing to provide input to your consideration of pickle ball facilities in Sandy. Presented options and my comments include:

Converting existing basketball courts for basketball and pickleball use in Tupper, Timberline or Barlow Parks. Sandy's park playgrounds are primarily designed for use by kids under age eight. There are few facilities in our parks, other than these basketball courts, for kids over age eight. I don't believe it helps our situation to turn these limited opportunities for kids over to pickleball users, who are in general, an older population. That will create conflict between user and age groups and should be avoided.

Construct pickleball courts in one or more of the future parks planned in the Master Plan (Deer Point, Ponder Lane, and/or Champion Way). This is probably the most promising alternative. I am a strong advocate for developing more of our future parks for active recreation, rather than just open-grass "multi-use" fields that need to be mowed. Pickleball noise is an important issue that needs to be addressed. Similar to dog parks, it is best to build pickleball courts, before all the homes around it get built. Building them adjacent to Hwy 26 or Hwy 211 and away from homes, are also prudent, to deal with noise issues. For that reason, the far side (to be acquired section) of Deer Point, or the Ponder Lane Parks would lend themselves better to Pickleball. I will again point out that I don't believe they have adequate parking for Ponder Lane.

Another shorter-term option to consider is working with the OTSD to reline/repaint/revise the High School tennis courts. This would allow them to be used by both citizens and students.

While development of pickleball in these parks will take 1-2 years, I think that is preferable to introducing conflict and reducing availability of our basketball courts to the many kids that use them.

Finally, I am hoping that we can be looking for property to purchase for a ballfield complex that can provide for soccer, baseball, softball, and pickleball fields/courts. We land-banked Bornstedt Park for over 5 years before we started construction. Focusing on flatter land outside City limits and/or the UGB/UGR will reduce purchasing costs.

Thanks for all your hard work on this issue.

Kind Regards,

Kathleen Walker

THE MEANDER

PLAN NARRATIVE

The park design for The Meander recalls the fluid forms of the Sandy River and surrounding hillsides. The curving paths with woodland plantings bring visitors from the main entry on Meinig Avenue to a central plaza and then descends down into an open grass area. Vehicular access to the parking lot is from both Meinig Avenue and Scenic Street with a vehicular drop-off adjacent to the central plaza. The plaza hosts a shelter, a restroom facility, picnic tables and benches, all with views to the forest beyond. From the plaza, there is a connection to a sinuous walk that connects to other park elements including a play area nestled in the wooded hillside, a skate park at the bottom of a sloped grass seating area and a pump track. Fronting the walkways is a large open grass area along with an additional shelter, benches and planting.

THE PLATEAU

PLAN NARRATIVE

The park design for The Plateau includes a central plaza located on a small bluff overlooking the park below. The plaza space includes a combination shelter/restroom, an overlook, seating, a small pioneer garden and a play area. The main vehicular and pedestrian entry to the park is from Meinig Avenue with pedestrian access from both Meinig Avenue and Scenic Street. The park pathways lead down to the lower open space with the skate park and pump track tucked into the base of the existing wooded hillside. A bike trail winds through the upper forest, connecting to the skate park and the pump track. Benches and picnic tables are located along the pedestrian paths and the walkway connects to Sandy River Park.

THE MEADOW

PLAN NARRATIVE

The park design for the Meadow includes a large central open space that is flanked by a play area, a shelter, a forest garden and the pump track. With this design, the primary vehicular access is from Scenic Street with pedestrian access from both Scenic Street and Meinig Avenue. The plaza spaces in the Meadow are disbursed through the site and include a smaller entry plaza at the parking lot, a skate board plaza near Meinig Avenue and a lower plaza at the play area. The pathway system provides easy access to all of the park's amenities including the upper skate park, the pump track that is nestled into the lower hillside, the play area and the future trail that will connect to Sandy River Park. From the upper plaza, stairs and a fully accessible walkway through a forest garden bring visitors down to the large central open space.

A RESOLUTION TO APPLY FOR A LOCAL GOVERNMENT GRANT FROM THE OREGON PARKS AND RECREATION DEPARTMENT FOR THE COMMUNITY CAMPUS PARK DEVELOPMENT PROJECT

Whereas, the Oregon Parks and Recreation Department is accepting applications for the Local Government Grant Program; and

Whereas, the City of Sandy Parks and Recreation Department desires to participate in this grant program to the greatest extent possible as a means of providing needed park and recreation acquisitions, improvements, and enhancements; and

Whereas, the Sandy City Council, the Parks and Trails Advisory Board and staff have identified park improvements at the old Cedar Ridge Middle now referred to as the Community Camps as a high priority need in the City of Sandy; and

Whereas, the project will include multiple components; the construction of shelters, walking path, restrooms, parking lot, barrier free access, and a skate park and bike pump track; and

Whereas, the City of Sandy Parks and Recreation Department has available local matching funds to fulfill its share of obligation related to this grant application should the grant funds be awarded; and

Whereas, the City of Sandy Parks and Recreation Department will provide adequate funding for on-going operations and maintenance of this park and recreation facility should the grant funds be awarded;

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Sandy

1. The City Council demonstrates its support for the submittal of a grant application to the Oregon Parks and Recreation Department for development of the Community Campus Park.
2. The City Manager or designee is authorized to execute any and all documents related to the grant application and to effectuate its award.

This resolution is adopted by the Common Council of the City of Sandy and approved by the Mayor this 20 day of March 2023

Re: Community Campus Park Development Grant Application

Dear Mr. Cowan,

The City of Sandy Parks and Trails Advisory Board (PTAB) is a 7-member citizen board appointed by the Mayor. The purpose of the Board is to advise and make recommendations to staff and the City Council regarding parks, recreation and trail planning. The Board seeks to promote and enhance parks and recreation opportunities on behalf of the citizens of Sandy.

PTAB has identified the development of the Community Campus Park as a goal based on the needs and level of service as identified in the 2022 Parks and Trails Master Plan. The north east area of the city of Sandy is sorely underserved in terms of park space. The city of Sandy has not developed since 2014 and the excitement and need around this much anticipated park project is felt throughout the community.

There has been a substantial amount of public input and engagement resulting in a preferred concept that meets the needs of the communities diverse demographics, varying abilities, and provides a progressive active recreation experience for all ages.

This is a shovel ready project with supporting funds. Therefore, PTAB supports the Parks Department in their efforts to develop this park and their request for grant funds in order to provide the full scope of amenities as expressed through the public engagement process. If awarded, this grant will be an imperative aspect in the development of this new community park.

In closing, the Parks and Trails Advisory Board fully supports the City's efforts in seeking to partner with the Local Government Grant Program to fund development of this much needed and highly deserved park for our community. We urge your support of Sandy's Parks and Recreation Department's application for funding.

Sincerely,

Don Robertson
Parks and Trails Advisory Board Chair
