STAFF UPDATES

Rochelle's updates:

Demo contract will be awarded on December 18th and Notice to proceed will be issued December 19th.

Park Construction bids close on December 12th.

The Cedar Creek trail is very close to completion.

The team is hard at work with Winterfest. Kudos to Tiana and her team with all the extra work involved due to the rain.

Tiana's Updates:

Keeping park operational.

Cedar Creek Trail gravel has been spread.

John's Updates:

The tree lighting had approximately 300 people in attendance.

Pet pictures with the Grinch was well attended.

The Jolly Trolley has been very popular. We started with one 1 planned and have ended up offering 6 due to popularity.

The Merry Makeover challenge has 31 different downtown businesses signed up to participate.

Mountain Storm has 245 kids signed up this year, last year we had 219. We're incorporating the Mojo App for a communication tool this year.

The Winter rec guide will be out within the next few weeks.

The Veteran's event Caroleana helped host at the center was very successful with 60 in attendance. We got to honor 31 local veterans.

RE: Demolition of Aquatic Center and Old Cedar Ridge

To whom it may concern:

O'Malley Brothers Corporation is presenting our bid for the Aquatic Center and Old Cedar Ridge demolitions. Our team of committed employees, from machine operators to office administrators, has a reputation for attention to detail and dedication to environmental protection, quality control, and safety. Our most recent demolition completed in September 2023 was the demolition of a 3,000 square foot house and 17,000 square foot former Tuberculosis Hospital for Reynolds School District. The results were safe, successful demolitions.

The majority of our employees reside in East County – Sandy, Boring, Eagle Creek, Estacada and Gresham. Some of our children attend OTSD schools, and we understand the impact of closing Alt Avenue as the pickup line for Sandy Grade, and being adjacent to the OTA bus hub. We are the generations that swam, and then took our kids, to birthday parties and swim lessons at the Pool. We know the skate park is a recreational area enjoyed by many in the area. We played, and have coached our kids' sports teams inside the middle school gym and sports track down below. We understand the impact this demolition will have on the community, because we will feel it ourselves. However we have also read the 2018 Opsis study, as well as the most recent pool study, seen the future park plans, and know that this is the best option for our community.

Dollars spent toward this demolition will stay local, not taken out of state. You will see us purchasing supplies at Napa and Ace, and have our vehicles and equipment maintained at IDS and Allison Power systems. You'll see our employees eating at Tollgate, Two Brothers, or Smoky Hearth. We'll grab breakfast burritos from Shell, or donuts from Joes, because we know they both make the best of their kind. This year, we held our company team building event at the Sandy Community Center, and enjoyed lunch catered by Sandbar.

Most importantly, we will provide safe and successful demolitions. We did our due diligence spending a combined 100+ hours between our administrative and operations staff learning the buildings' compositions and surrounding land to prepare our bid. We evaluated the ceiling pool beams and hopped in the middle school crawl space, taking laser measurements all around the buildings. We poured over the plan sets to fully understand the scope of work.

We feel prepared to successfully complete this project and are asking the City of Sandy to consider officially accepting our bid based on the Buy Oregon preference. Thank you for your time and consideration.

Sincerely,
O'Malley Brothers Corporation
