**3. Changes to the Agenda**

3.1.

None.

**4. Public Comment**

Councilor Carl Exner addressed the Commission regarding the bylaws of the Arts Commission.

**5. Presentation**

5.1. Chalk Art Contest Committee

The Chalk Art Contest Committee provided the commission with an update. To date, there have been seven entries. The grand prize is \$150. The sidewalk art project will take place on July 6th and 7th, with judging occurring at 3:00 pm on July 7th. The commission would like to invite council members to view the art and potentially assist in judging.

**6. Old Business**

6.1. Update Sidewalk Art Project

A great deal of discussion was done during the presentation from the Chalk Art Contest Committee (see above).

6.2. Update Mural Restoration

Commissioner Hawley provided the commission with an update on mural restoration. The total cost to clean and coat the mural on City Hall is approximately \$450. Additional bids are underway. The mural on the Community Center is in need of a deep cleaning, as well as preventative maintenance this summer to ensure that it does not deteriorate more.

Chair Triplett suggested that the City should pay for the restoration and not the commission's budget. Discussion also occurred related to seeking donors for other restoration projects.

6.3. Update Art Inventory

Commissioner Sennick provided the commission with a status update of the art inventory. Nearly all inventory has been photographed. The next step is to have it cataloged, with the help of staff. Many pieces have already been documented, but the project still needs quite a bit of work.

**7. New Business**

7.1. None.

**8. Consent Agenda**
