Contract Documents are intended to be complementary. Whatever is called for in one, is interpreted to be called for in all. However, in the event of conflicts or discrepancies among the Contract Documents, interpretations will be based on the following descending order of precedence:

- (1) Contract amendments and Change Orders, with those of later date having precedence over those of an earlier date, including the GMP Amendment;
- (2) The Supplemental General Conditions;
- (3) The City of Sandy Construction Manager/General Contractor Contract Form;
- (4) The General Conditions
- (5) The Plans and Specifications
- (6) The Solicitation Document and any addenda thereto;
- (7) The accepted Offer.

A.3.2 In the case of an inconsistency between Plans and Specifications or within either document not clarified by addendum, the better quality or greater quantity of Work shall be provided in accordance with the City or City's Authorized Representative's interpretation in writing.

Matters concerning performance under, and interpretation of requirements of, the Contract Documents will be decided by the City's Authorized Representative. Responses to CM/GC's requests for interpretation of Contract Documents will be made in writing by City's Authorized Representative within any time limits agreed upon or otherwise with reasonable promptness. The City will in no case be responsible for any loss or for any unanticipated costs that may be suffered by the CM/GC as a result of the CM/GC's failure to acquire full information in advance in regard to all conditions pertaining to the Work. No oral agreement or conversation with any officer, agent, or personnel of the City, or with the Architect/Engineer either before or after the execution of this Contract, shall affect or modify any of the terms or obligations herein contained.

CM/GC shall inform City of any other site investigation, analysis, study, or test conducted by or for CM/GC or its agents and shall make the results available to City upon City's request.
- A.4.3 Should the Plans or Specifications fail to particularly describe the materials, kind of goods, or details of construction of any aspect of the Work, CM/GC shall have the duty to make inquiry of the City and Architect/Engineer as to what is required prior to performance of the Work. Absent Specifications to the contrary, the materials or processes that would normally be used to produce first quality finished Work shall be considered a part of the Contract requirements.
- A.4.4 Any design errors or omissions noted by the CM/GC shall be reported promptly to the City's Authorized Representative, including without limitation, any nonconformity with applicable laws, statutes, ordinances, building codes, rules and regulations.
- A.4.5 If the CM/GC believes that additional cost or Contract Time is involved because of clarifications or instructions issued by the City's Authorized Representative in response to the CM/GC's notices or requests for information, the CM/GC must submit a written request to the City's Authorized Representative, setting forth the nature and specific extent of the request, including all time and cost impacts against the Contract as soon as possible, but no later than twenty (20) business days after receipt by CM/GC of the clarifications or instructions issued. If the City's Authorized Representative denies CM/GC's request for additional compensation, additional Contract Time, or other relief that CM/GC believes results from the clarifications or instructions, the CM/GC may proceed to file a Claim under Section D.3, Claims Review Process. If the CM/GC fails to perform the obligations of Sections A.4.1 to A.4.3, the CM/GC shall pay such costs and damages to the City as would have been avoided if the CM/GC had performed such obligations.

If any provision of this Contract is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected and the rights and obligations of the parties shall be construed and enforced as if the Contract did not contain the particular provision held to be invalid.

B.9 ACCESS TO RECORDS

- B.9.1 CM/GC shall keep, at all times on the Work site, one record copy of the complete Contract Documents, including the Plans, Specifications, Change Orders and addenda, in good order and marked currently to record field changes and selections made during construction, and one record copy of Shop Drawings, Product Data, Samples and similar submittals, and shall at all times give the City's Authorized Representative access thereto.
- B.9.2 CM/GC shall retain and the City and its duly authorized representatives shall have access to, for a period not less than six (6) years, all Record Documents, financial and accounting records, and other books, documents, papers and records of CM/GC which are pertinent to the Contract including records pertaining to Overhead and indirect costs, for the purpose of making audit, examination, excerpts and transcripts. If for any reason, any part of the Contract is involved in a dispute resolution process, CM/GC shall retain all such records until all disputes are resolved. The City and/or its agents shall continue to be provided full access to the records during any dispute resolution process.

B.10 WAIVER

Failure of the City to enforce any provision of this Contract shall not constitute a waiver or relinquishment by the City of the right to such performance in the future nor of the right to enforce any other provision of this Contract.

B.11 SUBCONTRACTS AND ASSIGNMENT

- B.11.1 CM/GC shall require each Subcontractor, to the extent of the Work to be performed by the Subcontractor, to be bound by the terms and conditions of these General Conditions, and to assume toward the CM/GC all of the obligations and responsibilities which the CM/GC assumes toward the City thereunder, unless (1) the same are clearly inapplicable to the subcontract at issue because of legal requirements or industry practices, or (2) specific exceptions are requested by CM/GC and approved in writing by City. Where appropriate, CM/GC shall require each Subcontractor to enter into similar agreements with sub-subcontractors at any level. CM/GC shall include assignment provisions in each subcontract as indicated in the termination provisions set forth in these General Conditions.
- B.11.2 At City's request, CM/GC shall submit to City prior to their execution either CM/GC's form of subcontract, or the subcontract to be executed with any particular Subcontractor. If City disapproves such form, CM/GC shall not execute the form until the matters disapproved are resolved to City's satisfaction. City's review, comment upon or approval of any such form shall not relieve CM/GC of its obligations under this Agreement or be deemed a waiver of such obligations of CM/GC.
- B.11.3 CM/GC shall not assign, sell, or transfer its rights, or delegate its responsibilities under this Contract, in whole or in part, without the prior written approval of the City. No such written approval shall relieve CM/GC of any obligations of this Contract, and any transferee shall be considered the agent of the CM/GC and bound to perform in accordance with the Contract Documents. CM/GC shall remain liable as between the original parties to the Contract as if no assignment had occurred.
- B.11.4 CM/GC shall first notify City prior to any change in the name or legal nature or status of CM/GC's entity. City shall determine if CM/GC's intended change is permissible while performing this Contract.

B.12 SUCCESSORS IN INTEREST

The provisions of this Contract shall be binding upon and shall accrue to the benefit of the parties to the Contract and their respective permitted successors and assigns.

B.13 CITY'S RIGHT TO DO WORK

City reserves the right to perform other or additional work at or near the project site with other forces than those of the CM/GC. If such work takes place within or next to the project site, CM/GC will coordinate work with the other contractors or forces, cooperate with all other contractors or forces, carry out the Work in a way that will minimize interference and delay for all forces involved, place and dispose of materials being used so as not to interfere with the operations of another, and join the Work with the work of the others in an acceptable manner and perform it in proper sequence to that of the others. The City's Authorized Representative will resolve any disagreements that may arise between or among CM/GC and the other contractors over the method or order of doing all work (including the Work). In case of unavoidable interference, the City's Authorized Representative will establish work priority (including the Work) which generally will be in the sequence that the contracts were awarded.

B.14 OTHER CONTRACTS

In all cases and at any time, the City has the right to execute other contracts related to or unrelated to the Work of this Contract. The CM/GC of this Contract will fully cooperate with any and all other contractors without additional cost to the City in the manner described in section B.13. Specifically and without limitation,

(1) CM/GC shall coordinate and work in conjunction with the City and City's third party consultants to proactively commission the Project in preparation of City occupancy and acceptance.

(2) CM/GC shall be granted one (1) re-inspection review for each inspection activity required by the Contract. Additional reviews required beyond the initial and re-inspections shall be the responsibility of the CM/GC. City and City's third party consultants shall not unreasonably require re-inspections. The City reserves the right to make the final determination if a re-inspection is required or if CM/GC may proceed by incorporating the inspection findings.

(3) CM/GC shall provide City with a copy of all written communications between CM/GC and City's consultants at the same time as that communication is made to such consultants, including, without limitation, all requests for information, correspondence, submittals, notices, and change order proposals. CM/GC shall confirm oral communications in writing.

(4) CM/GC is liable for costs incurred by City for professional services for interpretations or decisions of matters where the information sought is equally available to the party making the request.

B.15 GOVERNING LAW

This Contract shall be governed by and construed in accordance with the laws of the State of Oregon without regard to principles of conflict of laws.

B.16 LITIGATION

Any Claim between City and CM/GC that arises from or relates to this Contract and that is not resolved through the Claims Review Process in Section D.3 shall be brought and conducted solely and exclusively within the Circuit Court of Clackamas County for the State of Oregon; provided, however, if a Claim must be brought in a federal forum, then it shall be brought and conducted solely and exclusively within the United States City Court for the City of Oregon. Any trial will be to the court without a jury. In no event shall this section be construed as a waiver by the City of defense or immunity, whether sovereign immunity, governmental immunity, or otherwise, from any claim or from the jurisdiction of any court. CM/GC BY EXECUTION OF THIS CONTRACT HEREBY CONSENTS TO THE IN PERSONAM JURISDICTION OF THE COURTS REFERENCED IN THIS SECTION B.16.

B.17 ALLOWANCES

B.17.1 The CM/GC shall include in the Contract Price all allowances stated in the Contract Documents. Items covered by allowances shall be supplied for such amounts and by such persons or entities as the City may direct.

B.17.2 Unless otherwise provided in the Contract Documents:

(1) when finally reconciled, allowances shall cover the cost to the CM/GC of materials and equipment delivered at the site and all required taxes, less applicable trade discounts;

(2) CM/GC's costs for unloading and handling at the site, labor, installation costs, Overhead, profit and other expenses contemplated for stated allowance amounts shall be included in the Contract Price but not in the allowances;

(3) Unless City requests otherwise, CM/GC shall provide to City a proposed fixed price for any allowance work prior to its performance.

B.18 SUBMITTALS, SHOP DRAWINGS, PRODUCT DATA AND SAMPLES

B.18.1 The CM/GC shall prepare and keep current, for the approval of City's Authorized Representative, a schedule and list of submittals which is coordinated with the CM/GC's construction schedule and allows the Architect/Engineer reasonable time, but in no case less than ten (10) business days, to review submittals. City reserves the right to approve the schedule and list of submittals. Submittals include, without limitation, Shop Drawings, Product Data, and Samples which are described below:

(1) Shop Drawings are drawings, diagrams, schedules and other data specially prepared for the Work by the CM/GC or a Subcontractor (including any sub-subcontractor), manufacturer, supplier or distributor to illustrate some portion of the Work.

(2) Product Data are illustrations, standard schedules, performance charts, instructions, brochures, diagrams and other information furnished by the CM/GC to illustrate materials or equipment for some portion of the Work.

(3) Samples are physical examples which illustrate materials, equipment or workmanship and establish standards by which the Work will be judged.

B.18.2 Shop Drawings, Product Data, Samples and similar submittals are not Contract Documents. The purpose of their submittal is to demonstrate for those portions of the Work for which submittals are required by the Contract Documents the way by which the CM/GC proposes to conform to the information given and the design concept expressed in the Contract Documents. Review of submittals by the Architect/Engineer or City is not conducted for the purpose of determining the accuracy and completeness of other details such as dimensions and quantities, or for substantiating instructions for installation or performance of equipment or systems, or for approval of safety precautions or, unless otherwise specifically stated by the Architect/Engineer or City, of any construction means, methods, techniques, sequences or procedures, all of which remain the responsibility of the CM/GC as required by the Contract Documents. The Architect/Engineer's or City's review of the CM/GC's submittals shall not relieve the CM/GC of its obligations under the Contract Documents. The Architect/Engineer's or City's review of a specific item shall not indicate approval of an assembly of which the item is a component. Informational submittals upon which the Architect/Engineer or City is not expected to take responsive action may be so identified in the Contract Documents. Submittals which are not required by the Contract Documents may be returned without action.

B.18.3 The CM/GC shall review for compliance with the Contract Documents, approve and submit to the Architect/Engineer Shop Drawings, Product Data, Samples and similar submittals required by the Contract Documents with reasonable promptness and in such sequence as to cause no delay in the Work or in the activities of the City or of separate CM/GCs. Submittals which are not marked as reviewed for compliance with the Contract Documents and approved by the CM/GC may be returned without action.

(1) CM/GC shall be granted one (1) resubmittal review for each submittal required by the Contract Documents. Additional reviews required beyond the initial submittal and re-submittal shall be the responsibility of the CM/GC. A/E shall not unreasonably require re-submittals. The City reserves the right to make the final determination if a re-submittal is required or if CM/GC may proceed by incorporating A/E's comments.

B.18.4 By approving and submitting Shop Drawings, Product Data, Samples and similar submittals, the CM/GC represents that the CM/GC has determined and verified materials, field measurements and field construction criteria related thereto, or will do so, and has checked and coordinated the information contained within such submittals with the requirements of the Work and of the Contract Documents.

B.18.5 The CM/GC shall perform no portion of the Work for which the Contract Documents require submittal and review of Shop Drawings, Product Data, Samples or similar submittals until the respective submittal has been approved by the Architect/Engineer. CM/GC shall be responsible to provide submittals for A/E and City review in a timely manner to allow sufficient time for review and comment. Delay claims associated with submittals lacking appropriate review time allowances shall not be considered.

B.18.6 The Work shall be in accordance with approved submittals except that the CM/GC shall not be relieved of responsibility for deviations from requirements of the Contract Documents by the Architect/Engineer's or City's review or approval of Shop Drawings, Product Data, Samples or similar submittals unless the CM/GC has specifically informed the Architect/Engineer and City in writing of such deviation at the time of submittal and (i) the Architect/Engineer has given written approval to the specific deviation as a minor change in the Work, or (ii) a Change Order has been executed by City authorizing the deviation. The CM/GC shall not be relieved of responsibility for errors or omissions in Shop Drawings, Product Data, Samples or similar submittals by any review or approval thereof.

B.18.7 In the event that City elects not to have the obligations and duties described under this Section B.18 performed by the Architect/Engineer, or in the event no Architect/Engineer is employed by City on the project, all obligations and duties assigned to the Architect/Engineer hereunder shall be performed by the City's Authorized Representative.

B.19 SUBSTITUTIONS

The CM/GC may make Substitutions only with the consent of the City and at its sole discretion, after evaluation by the City's Authorized Representative and only in accordance with a Change Order. Substitutions shall be subject to the requirements of the bid documents. By making requests for Substitutions, the CM/GC represents that the CM/GC has personally investigated the proposed substitute product; represents that the CM/GC will provide the same warranty for

the Substitution that the CM/GC would for the product originally specified unless approved otherwise; certifies that the cost data presented is complete and includes all related costs under this Contract including redesign costs, and waives all claims for additional costs related to the Substitution which subsequently become apparent; and will coordinate the installation of the accepted Substitution, making such changes as may be required for the Work to be completed in all respects.

B.20 USE OF PLANS AND SPECIFICATIONS

Plans, Specifications and related Contract Documents, including those in electronic format, furnished to CM/GC by City or City's Architect/Engineer shall be used solely for the performance of the Work under this Contract. CM/GC and its Subcontractors and suppliers are authorized to use and reproduce applicable portions of such documents appropriate to the execution of the Work, but shall not claim any ownership or other interest in them beyond the scope of this Contract, and no such interest shall attach. Unless otherwise indicated, all common law, statutory and other reserved rights, in addition to copyrights, are retained by City.

B.21 FUNDS AVAILABLE AND AUTHORIZED

City reasonably believes at the time of entering into this Contract that sufficient funds are available and authorized for expenditure to finance the cost of this Contract within the City's appropriation or limitation.

B.22 NO THIRD PARTY BENEFICIARIES

City and CM/GC are the only parties to this Contract and are the only parties entitled to enforce its terms. Nothing in this Contract gives, is intended to give, or shall be construed to give or provide any benefit or right, whether directly, indirectly, or otherwise, to third persons unless such third persons are individually identified by name herein and expressly described as intended beneficiaries of the terms of this Contract.

B.23 RULES REGARDING CONTACT WITH THE PRESS AND PUBLICATIONS

CM/GC shall issue no news release, press release, or other statement to members of the news media or any other publication regarding this Agreement or the Project within one (1) year of Project completion without City's prior written authorization. CM/GC shall not post or publish any textual or visual representations of the Project without approval of City.

A drug testing program that meets the above requirements will be deemed a "qualifying employee drug testing program". For the purposes of this section, an employee is a "subject employee" only if that employee will be working on the project job site.

(B) CM/GC shall require each subcontractor providing labor for the Project to:

- i. demonstrate to the CM/GC that it has a qualifying employee drug testing program for the Subcontractor's subject employees, and represent and warrant to the CM/GC that the qualifying employee drug testing program is in place at the time of subcontract execution and will continue in full force and effect for the duration of the subcontract, or
- ii. require that the Subcontractor's subject employees participate in the CM/GC's qualifying employee drug testing program for the duration of the Project.

(1) If City becomes aware that CM/GC has failed, neglected or refused to make prompt payment of any claim for labor or services furnished to the CM/GC or a Subcontractor by any person in connection with the project as such claim becomes due, the proper officer(s) representing the City may pay the claim and charge the amount of the payment against funds due or to become due CM/GC under this Contract within ten (10) business days written notice to CM/GC. Payment of claims in this manner shall not relieve the CM/GC or the CM/GC's surety from obligation with respect to any unpaid claims. Notwithstanding any other remedies available to the City,

(2) If the CM/GC or a first-tier Subcontractor fails, neglects or refuses to make payment to a person furnishing labor or materials in connection with the public contract for a public improvement within thirty (30) Days after receipt of payment from City or a CM/GC, the CM/GC or first-tier Subcontractor shall owe the person the amount due plus interest charges commencing at the end of the 10-Day period that payment is due and ending upon final payment, unless payment is subject to a good faith dispute. The amount of interest may not be waived.

(3) If the CM/GC or a Subcontractor fails, neglects or refuses to make payment to a person furnishing labor or materials in connection with the Contract, the person may file a complaint with the Construction Contractors Board, unless payment is subject to a good faith dispute. Every contract related to this Contract shall contain a similar clause.

(2) An interest penalty clause that obligates the CM/GC if payment is not made within thirty (30) Days after receipt of payment from City, to pay to the first-tier Subcontractor an interest penalty on amounts due in the case of each payment not made in accordance with the payment clause included in the subcontract pursuant to paragraph (a) of this subsection. CM/GC or first-tier Subcontractor shall not be obligated to pay an interest penalty if the only reason that the CM/GC or first-tier Subcontractor did not make payment when payment was due is that the CM/GC or first-tier Subcontractor did not receive payment from City or CM/GC when payment was due. The interest penalty shall be for the period beginning on the day after the required payment date and ending on the date on which payment of the amount due is made; and shall be computed at the rate specified in ORS 279C.515(2).

(3) A clause which requires each of CM/GC's Subcontractor's to include, in each of their contracts with lower-tier Subcontractors or suppliers, provisions to the effect that the first-tier Subcontractor shall pay its lower-tier Subcontractors and suppliers in accordance with the provisions of subsections (a) and (b), above and requiring each of their Subcontractors and suppliers to include such clauses in their subcontracts and supply contracts.

This Section C.5 shall not excuse CM/GC from completion of the Work within the time required under this Contract.

SECTION D CHANGES IN THE WORK

D.1 CHANGES IN WORK

D.1.1 The terms of this Contract shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without prior written approval of the City's Authorized Representative, and then only in a manner consistent with the Agreement and, if not prohibited by the Agreement, the Change Order provisions of this Section D.1 and after any necessary approvals required by public contracting laws or the City's contracting rules have been obtained. Otherwise, a formal contract amendment is required, which shall not be effective until its execution by the parties to this Contract and all approvals required by public contracting laws or City's contracting rules have been obtained.

D.1.2 It is mutually agreed that changes in Plans, quantities, or details of construction are inherent in the nature of construction and may be necessary or desirable during the course of construction. Within the general scope of this Contract, the City's Authorized Representative may at any time, without notice to the sureties and without impairing the Contract, require changes consistent with this Section D.1. All Change Order Work shall be executed under the conditions of the Contract Documents. Such changes may include, but are not limited to:

- (1) Modification of specifications and design.
- (2) Increases or decreases in quantities.
- (3) Increases or decreases to the amount of Work.
- (4) Addition or elimination of any Work item.
- (5) Change in the duration of the project.
- (6) Acceleration or delay in performance of Work.
- (7) Deductive changes.

Deductive changes are those that reduce the scope of the Work, and shall be made by mutual agreement whenever feasible. In cases of suspension or partial termination under Section J, City reserves the right to unilaterally impose a deductive change and to self perform such Work, for which the provisions of B.13 (City's Right to Do Work) shall then apply.

Adjustments in compensation shall be made under the provisions of D.1.3, in which costs for deductive changes shall be based upon a Direct Costs adjustment together with the related percentage markup specified for profit, Overhead and other indirect costs, unless otherwise agreed to by City.

D.1.3 The City and CM/GC agree that Change Order Work shall be administered and compensated according to the following:

(1) *Unit pricing* may be utilized at the City's option when unit prices or solicitation alternates were provided that established the cost for additional Work, and a binding obligation exists under the Contract on the parties covering the terms and conditions of the additional Work.

(2) If the City elects not to utilize unit pricing, or in the event that unit pricing is not available or appropriate, *fixed pricing* may be used for Change Order Work. In fixed pricing the basis of payments or total price shall be agreed upon in writing between the parties to the Contract, and shall be established before the Work is done whenever feasible. The mark-ups set forth in D.1.3(c) shall be utilized by the parties as a guide in establishing fixed pricing, and will not be exceeded by City without adequate justification. Cost and price data relating to Change Orders shall be supplied by CM/GC to City upon request, but City shall be under no obligation to make such requests.

(3) In the event that unit pricing and fixed pricing are not utilized, then Change Order Work shall be performed on a *cost*

reimbursement basis for Direct Costs. Such Work shall be compensated on the basis of the actual, reasonable and allowable cost of labor, equipment, and material furnished on the Work performed. In addition, the following markups shall be added to the CM/GC's or Subcontractor's Direct Costs as full compensation for profit, Overhead and other indirect costs for Work directly performed with the CM/GC's or Subcontractor's own forces:

On Labor..... 10% On Equipment..... 5% On Materials..... 5%

When Change Order Work under D.1.3(c) is invoiced by an authorized Subcontractor at any level, each ascending tier Subcontractor or CM/GC will be allowed a supplemental mark-up of five (5) percent on each piece of subcontract Work covered by such Change Order .

Payments made to the CM/GC shall be complete compensation for Overhead, profit, and all costs that were incurred by the CM/GC or by other forces furnished by the CM/GC, including Subcontractors, for Change Order Work. City may establish a maximum cost for Change Order Work under this Section D.1.3(c), which shall not be exceeded for reimbursement without additional written authorization from City. CM/GC shall not be required to complete such Change Order Work without additional authorization.

D.1.4 Any necessary adjustment of Contract Time that may be required as a result of a Change Order must be agreed upon by the parties before the start of the Change Order Work unless City's Authorized Representative authorizes CM/GC in writing to start the Work before agreement on Contract Time adjustment. CM/GC shall submit any request for additional compensation (and additional Contract Time if CM/GC was authorized to start Work before an adjustment of Contract Time was approved) as soon as possible but no later than thirty (30) Days after receipt of the Change Order. If CM/GC's request for additional compensation or adjustment of Contract Time is not made within the thirty (30) day time limit, CM/GC's requests pertaining to that Change Order are barred. The thirty (30) day time limit for making requests shall not be extended for any reason, including without limitation CM/GC's claimed inability to determine the amount of additional compensation or adjustment of Contract Time, unless an extension is granted in writing by City. If the City's Authorized Representative denies CM/GC's request for additional compensation or adjustment of Contract Time, CM/GC may proceed to file a Claim under Section D.3, Claims Review Process. No other reimbursement, compensation, or payment will be made, except as provided in Section D.1.5 for impact claims.

D.1.5 If any Change Order Work under Section D.1.3 causes an increase or decrease in the CM/GC's cost of, or the Contract Time required for the performance of, any other part of the Work under this Contract, the CM/GC must submit a written request to the City's Authorized Representative, setting forth the nature and specific extent of the request, including all time and cost impacts against the Contract as soon as possible, but no later than thirty (30) Days after receipt of the Change Order by CM/GC.

The thirty (30) day time limit applies to claims of Subcontractors, suppliers, or manufacturers that may be affected by the Change Order and that request additional compensation or an extension of Contract Time to perform; CM/GC has responsibility for contacting its Subcontractors, suppliers, or manufacturers within the thirty (30) day time limit, and including their requests with CM/GC's requests. If the request involves Work to be completed by Subcontractors, or materials to be furnished by suppliers or manufacturers, such requests shall be submitted to the CM/GC in writing with full analysis and justification for the compensation and additional Contract Time requested. The CM/GC will analyze and evaluate the merits of the requests submitted by Subcontractors, suppliers, and manufacturers to CM/GC prior to including those requests and CM/GC's analysis and evaluation of those requests with CM/GC's requests for additional compensation or Contract Time that CM/GC submits to the City's Authorized Representative. Failure of Subcontractors, suppliers, manufacturers or others to submit their requests to CM/GC for inclusion with CM/GC's requests submitted to City's Authorized Representative within the time period and by the means described in this section shall constitute a waiver of these Subcontractor claims. The City's Authorized Representative and the City will not consider direct requests or claims from Subcontractors, suppliers, manufacturers or others not a party to this Contract. The consideration of such requests and claims under this section does not give any person, not a party to the Contract the right to bring a claim against the State of Oregon, whether in this claims process, in litigation, or in any dispute resolution process.

If the City's Authorized Representative denies the CM/GC's request for additional compensation or an extension of Contract Time, the CM/GC may proceed to file a Claim under Section D.3, Claims Review Process.

D.1.6 No request or Claim by the CM/GC for additional costs or an extension of Contract Time shall be allowed if made after receipt of final payment application under this Contract. CM/GC agrees to submit its final payment application within sixty (60) business days after Substantial Completion, unless written extension is granted by City. CM/GC shall not delay final payment application for any reason, including without limitation nonpayment of Subcontractors, suppliers,

manufacturers or others not a party to this Contract, or lack of resolution of a dispute with City or any other person of matters arising out of or relating to the Contract. If CM/GC fails to submit its final payment application within sixty (60) business days after Substantial Completion, and CM/GC has not obtained written extension by City, all requests or Claims for additional costs or an extension of Contract Time shall be waived.

D.1.7 It is understood that changes in the Work are inherent in construction of this type. The number of changes, the scope of those changes, and the effect they have on the progress of the original Work cannot be defined at this time. The CM/GC is notified that numerous changes may be required and that there will be no compensation made to the CM/GC directly related to the number of changes. Each change will be evaluated for extension of Contract Time and increase or decrease in compensation based on its own merit.

D.2 DELAYS

D.2.1 Delays in construction include "Avoidable Delays", which are defined in Section D.2.1.1, and "Unavoidable Delays", defined in Section D.2.1.2. Further, "Concurrent Delays" are defined in Section D.2.1.3 and "Offsetting Delays" defined in Section D.2.1.4.

(1) Avoidable Delays include any delays other than Unavoidable Delays, and include delays that otherwise would be considered Unavoidable Delays but that:

- (A) Could have been avoided by the exercise of care, prudence, foresight, and diligence on the part of the CM/GC or its Subcontractors.
- (B) Affect only a portion of the Work and do not necessarily prevent or delay the prosecution of other parts of the Work nor the completion of the whole Work within the Contract Time.
- (C) Do not impact activities on the accepted critical path schedule.
- (D) Are associated with the reasonable interference of other contractors engaged by the City that do not necessarily prevent the completion of the whole Work within the Contract Time.

(2) Unavoidable Delays include delays other than Avoidable Delays that are:

- (A) Caused by any actions of the City, City's Authorized Representative, or any other employee or agent of the City, or by separate contractor engaged by the City.
- (B) Caused by any site conditions which differ materially from what was represented in the Contract Documents or from conditions that would normally be expected to exist and be inherent to the construction activities defined in the Contract Documents. The CM/GC shall notify the City's Authorized Representative immediately of differing site conditions before the area has been disturbed. The City's Authorized Representative will investigate the area and make a determination as to whether or not the conditions differ materially from either the conditions stated in the Contract Documents or those which could reasonably be expected in execution of this particular Contract. If CM/GC and the City's Authorized Representative agree that a differing site condition exists, any additional compensation or additional Contract Time will be determined based on the process set forth in Section D.1.5 for Change Order Work. If the City's Authorized Representative disagrees that a differing site condition exists and denies CM/GC's request for additional compensation or Contract Time, CM/GC may proceed to file a Claim under Section D.3, Claims Review Process.
- (C) Caused by Force Majeure acts, events or occurrences that could not have been avoided by the exercise of care, prudence, foresight, and diligence on the part of the CM/GC or its Subcontractors.
- (D) Caused by adverse weather conditions. Any adverse weather conditions must be substantiated by documentary evidence that weather conditions were abnormal for the specific time period claimed, could not have been anticipated by the CM/GC, and adversely impacted the project in a manner that could not be avoided by rescheduling the Work or by implementing measures to protect against the weather so that the Work could proceed. A rain, windstorm, high water, or other natural phenomenon for the specific locality of the Work, which might reasonably have been anticipated from the previous 10-year historical records of the general locality of the Work, shall not be construed as abnormal. The parties agree that rainfall greater than the following levels cannot be reasonably anticipated:
 - i. Daily rainfall equal to, or greater than, 0.50 inch during a month when the monthly rainfall exceeds the

normal monthly average by twenty-five percent (25 %) or more.

- ii. daily rainfall equal to, or greater than, 0.75 inch at any time.

The Office of the Environmental Data Service of the National Oceanic and Atmospheric Administration of the U.S. Department of Commerce nearest the Project site shall be considered the official agency of record for weather information.

(3) Concurrent Delays occur when two Avoidable or two Unavoidable Delays occur within a time frame where all or part of their durations overlap. The cumulative effect of the overlapping delays results in a total impact to the Project duration less than or equal to the cumulative sum of the individual delays or greater than or equal to the longer of the two Delays.

(4) Offsetting Delays occur when an Avoidable and an Unavoidable Delays occur within a time frame where all or part of their durations overlap. In some cases, Offsetting Delays occur where overlapping delays are incurred by both the City and the CM/GC, where the period of overlapping time negates any impact to the Project from the delays during that time frame. The impact of the overlap is that the total impact of the delays is lessened to due to the delays happening at, to some extent, the same time and therefore the project is only impacted once. The overall impact of Offsetting Delays is equal or less than the impact of the longer of the two delays.

D.2.2 Except as otherwise provided in ORS 279C.315, CM/GC shall not be entitled to additional compensation or additional Contract Time for Avoidable Delays.

D.2.3 In the event of Unavoidable Delays, based on principles of equitable adjustment, CM/GC may be entitled to the following:

(1) CM/GC may be entitled to additional compensation or additional Contract Time, or both, for Unavoidable Delays described in Section D.2.1.2 (1) and (2).

(2) CM/GC may be entitled to additional Contract Time for Unavoidable Delays described in Section D.2.1.2(3) and (4).

(3) In the event of any requests for additional compensation or additional Contract Time, or both, as applicable, arising under this Section D.2.3 for Unavoidable Delays, other than requests for additional compensation or additional Contract Time for differing site conditions for which a review process is established under Section D.2.1.2 (2), CM/GC shall submit a written notification of the delay to the City's Authorized Representative within two (2) Days of the occurrence of the cause of the delay. This written notification shall state the cause of the potential delay, the project components impacted by the delay, and the anticipated additional Contract Time or the additional compensation, or both, as applicable, resulting from the delay. Within seven (7) Days after the cause of the delay has been mitigated, or in no case more than thirty (30) Days after the initial written notification, the CM/GC shall submit to the City's Authorized Representative, a complete and detailed request for additional compensation or additional Contract Time, or both, as applicable, resulting from the delay. If the City's Authorized Representative denies CM/GC's request for additional compensation or adjustment of Contract Time, the CM/GC may proceed to file a Claim under Section D.3, Claims Review Process.

(4) If CM/GC does not timely submit the notices required under this Section D.2., then unless otherwise prohibited by law, CM/GC's Claim shall be barred.

D.2.4 When submitting a request for compensation under D.2.3, CM/GC and the City shall take into account the cumulative impacts of Concurrent and Offsetting Delays that occurs within the same time frame the request for compensation covers.

D.2.5 All requests for compensation under this section shall require the CM/GC to submit a detailed Time Impact Analysis as outlined in the Specifications.

D.3 CLAIMS REVIEW PROCESS

D.3.1 All CM/GC Claims shall be referred to the City's Authorized Representative for review. CM/GC's Claims, including Claims for additional compensation or additional Contract Time, shall be submitted in writing by CM/GC to the City's Authorized Representative within five (5) business days after a denial of CM/GC's initial request for an adjustment of Contract terms, payment of money, extension of Contract Time or other relief, provided that such initial request has been submitted in accordance with the requirements and within the time limits established in these General Conditions. Within twenty (20) business days after the initial Claim, CM/GC shall submit to the City's Authorized Representative, a complete and

detailed description of the Claim (the "Detailed Notice") that includes all information required by Section D.3.2. Unless the Claim is made in accordance with these time requirements, it shall be waived.

- D.3.2 The Detailed Notice of the Claim shall be submitted in writing by CM/GC and shall include a detailed, factual statement of the basis of the Claim, pertinent dates, Contract provisions which support or allow the Claim, reference to or copies of any documents which support the Claim, the dollar value of the Claim, and the Contract Time extension requested for the Claim. If the Claim involves Work to be completed by Subcontractors, the CM/GC will analyze and evaluate the merits of the Subcontractor claim prior to forwarding it and that analysis and evaluation to the City's Authorized Representative. The City's Authorized Representative and the City will not consider direct claims from Subs, suppliers, manufacturers, or others not a party to this Contract. CM/GC agrees that it will make no agreement, covenant, or assignment, nor will it commit any other act that will permit or assist any Subcontractor, supplier, manufacturer, or other to directly or indirectly make a claim against City.
- D.3.3 The City's Authorized Representative will review all Claims and take one or more of the following preliminary actions within ten (10) business days of receipt of the Detailed Notice of a Claim: (1) request additional supporting information from the CM/GC; (2) inform the CM/GC and City in writing of the time required for adequate review and response; (3) reject the Claim in whole or in part and identify the reasons for rejection; (4) based on principles of equitable adjustment, recommend approval of all or part of the Claim; or (5) propose an alternate resolution.
- D.3.4 The City's Authorized Representative's decision shall be final and binding on the CM/GC unless appealed by written notice to the City within fifteen (15) business days of receipt of the decision. The CM/GC must present written documentation supporting the Claim within fifteen (15) business days of the notice of appeal. After receiving the appeal documentation, the City shall review the materials and render a decision within twenty (20) business days after receiving the appeal documents.
- D.3.5 The decision of the City shall be final and binding unless the CM/GC delivers to the City its requests for mediation, which shall be a non-binding process, within ten (10) business days of the date of the City's decision. The mediation process will be considered to have commenced as of the date the CM/GC delivers the request. Both parties acknowledge and agree that participation in mediation is a prerequisite to commencement of litigation of any disputes relating to the Contract. Both parties further agree to exercise their best efforts in good faith to resolve all disputes within forty (40) business days of the commencement of the mediation through the mediation process set forth herein.
- In the event that a lawsuit must be filed within this forty (40) day period in order to preserve a cause of action, the parties agree that notwithstanding the filing, they shall proceed diligently with the mediation to its conclusion prior to actively prosecuting the lawsuit, and shall seek from the Court in which the lawsuit is pending such stays or extensions, including the filing of an answer, as may be necessary to facilitate the mediation process. Further, in the event settlements are reached on any issues through mediation, the parties agree to promptly submit the appropriate motions and orders documenting the settlement to the Court for its signature and filing.
- D.3.6 The mediator shall be an individual mutually acceptable to both parties, but in the absence of agreement each party shall select a temporary mediator and the temporary mediators shall jointly select the permanent mediator. Each party shall pay its own costs for the time and effort involved in mediation. The cost of the mediator shall be split equally between the two parties. Both parties agree to exercise their best effort in good faith to resolve all disputes in mediation. Participation in mediation is a mandatory requirement of both the City and the CM/GC. The schedule, time and place for mediation will be mutually acceptable, or, failing mutual agreement, shall be as established by the mediator. The parties agree to comply with City's administrative rules governing the confidentiality of mediation, if any, and shall execute all necessary documents to give effect to such confidentiality rules. In any event, the parties shall not subpoena the mediator or otherwise require the mediator to produce records, notes or work product, or to testify in any future proceedings as to information disclosed or representations made in the course of mediation, except to the extent disclosure is required by law.
- D.3.7 Unless otherwise directed by City's Authorized Representative, CM/GC shall proceed with the Work while any Claim of CM/GC is pending, including a Claim for additional compensation or additional Contract Time resulting from Change Order Work. Regardless of the review period or the final decision of the City's Authorized Representative, the CM/GC shall continue to diligently pursue the Work as identified in the Contract Documents. In no case is the CM/GC justified or allowed to cease Work without a written stop work order from the City or City's Authorized Representative.

SECTION E
PAYMENTS

E.1 SCHEDULE OF VALUES

The CM/GC shall submit, at least ten (10) business days prior to submission of its first application for progress payment, a schedule of values ("Schedule of Values") for the contracted Work, for the City's review and approval. This schedule will provide a breakdown of values for the contracted Work and will be the basis for progress payments. The breakdown will demonstrate reasonable, identifiable, and measurable components of the Work. Unless objected to by the City's Authorized Representative, this schedule shall be used as the basis for reviewing CM/GC's applications for payment. If objected to by City's Authorized Representative, CM/GC shall revise the schedule of values and resubmit the same for approval of City's Authorized Representative.

E.1.1 The Schedule of Values shall be of sufficient detail and organization to interface with the City's accounting and funding structure.

E.2 APPLICATIONS FOR PAYMENT

E.2.1 City shall make progress payments on the Contract monthly as Work progresses. Prior to the submission of each monthly Application for Payment, CM/GC shall submit and obtain City's approval of a progress schedule update. Payments shall be based upon estimates of Work completed, as indicated in the approved progress schedule update, and the Schedule of Values. All payments shall be approved by the City's Authorized Representative. A progress payment shall not be considered acceptance or approval of any Work or waiver of any defects therein. City shall pay to CM/GC interest on the progress payment, not including retainage, due the CM/GC. The interest shall commence thirty (30) Calendar Days after the receipt of invoice ("application for payment") from the CM/GC or fifteen (15) Calendar Days after the payment is approved by the City's Authorized Representative, whichever is the earlier date. The rate of interest shall be as provided under Oregon law. Notwithstanding the foregoing, in instances when an application for payment is filled out incorrectly, or when there is any defect or impropriety in any submitted application or when there is a good faith dispute, City shall so notify the CM/GC within ten (10) business days stating the reason or reasons the application for payment is defective or improper or the reasons for the dispute. A defective or improper application for payment, if corrected by the CM/GC within five (5) business days of being notified by the City, shall not cause a payment to be made later than specified in this section unless interest is also paid. Accrual of interest will be postponed when payment on the principal is delayed because of disagreement between the City and the CM/GC.

E.2.2 CM/GC shall submit to the City's Authorized Representative, an application for each payment and, if required, receipts or other vouchers showing payments for materials and labor, including payments to Subcontractors. Applications for payment shall include all information required by City or City's Authorized representative and shall be supplemented with all additional information requested before the request for payment will be processed. CM/GC shall include, in its application for payment, a schedule of the percentages of the various parts of the Work completed, based on the Schedule of Values which shall aggregate to the payment application total.

E.2.3 Generally, applications for payment will be accepted only for materials that have been installed. Under special conditions, applications for payment for stored materials will be accepted at City's sole discretion. Such a payment, if made, will be subject to the following conditions:

(1) The request for stored material shall be submitted at least twenty five (25) business days in advance of the application for payment on which it appears. Applications for payment shall be entertained for major equipment, components or expenditures only.

(2) The CM/GC shall submit applications for payment showing the quantity and cost of the material stored.

(3) The material shall be stored in a bonded warehouse and City's Authorized Representative shall be granted the right to access the material for the purpose of removal or inspection at any time during the Contract Period.

(4) The CM/GC shall name the City as co-insured on the insurance policy covering the full value of the property while in the care and custody of the CM/GC until it is installed. A certificate noting this coverage shall be issued to the City.

(5) Payments shall be made for materials only. The submitted amount of the application for payment shall be reduced by the cost of transportation and for the cost of an inspector to check the delivery at out of town storage sites. The cost of said inspection shall be borne solely by the CM/GC.

(6) Within fifty (50) Business Days of the application for payment, the CM/GC shall submit evidence of payment covering the material stored.

(7) Payment for stored materials shall in no way indicate acceptance of the materials or waive any rights under this Contract for the rejection of the Work or materials not in conformance with the Contract Documents.

(8) All required documentation must be submitted with the respective application for payment.

E.2.4 Notwithstanding other parts of this Contract, the City reserves the right to withhold all or part of a payment, or may nullify in whole or part any payment previously made, to such extent as may be necessary in the City's opinion to protect the City from loss including but not limited to:

(1) Work that is defective and not remedied, or that has been demonstrated or identified as failing to conform with the Contract Documents,

(2) third party claims or fines, including governing agency or regulatory entity, filed or evidence reasonably indicating that such claims will likely be filed unless security acceptable to the City is provided by the CM/GC;

(3) failure of the CM/GC to make payments properly to Subcontractors or for labor, materials or equipment (in which case City may issue checks made payable jointly to City and such unpaid persons under this provision, or directly to Subcontractors and suppliers at any level under Section C.3.2.1);

(4) reasonable evidence that the Work cannot be completed for the unpaid balance of the Contract Price;

(5) damage to the City or another contractor;

(6) reasonable evidence that the Work will not be completed within the Contract Time required by the Contract, and that the unpaid balance would not be adequate to cover actual or liquidated damages for the anticipated delay;

(7) failure to carry out the Work in accordance with the Contract Documents;

(8) failure to provide or obtain City's approval of a monthly progress schedule update;

(9) failure to maintain updated Record Documents; or

(10) Failure to provide certified payroll reports as required elsewhere in this Contract.

E.2.5 Subject to the provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

(1) Take that portion of the Contract Price properly allocable to completed Work as determined by multiplying the percentage completion of each portion of the Work by the share of the total Contract Price allocated to that portion of the Work in the Schedule of Values, less retainage as provided in Section E.5. Pending final determination of cost to the City of changes in the Work, amounts not in the dispute may be included even though the Contract Price has not yet been adjusted by Change Order;

(2) Add that portion of the Contract Price properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction (or, if approved in advance by the City pursuant to Section E.2.3, suitably stored off the site at a location agreed upon in writing), less retainage as provided in Section E.5;

(3) Subtract the aggregate of previous payments made by the City; and

(4) Subtract any amounts for which the City's Authorized Representative has withheld or nullified payment as provided in the Contract Documents.

E.2.6 CM/GC's applications for payment may not include requests for payment for portions of the Work for which the CM/GC does not intend to pay to a Subcontractor or material supplier.

E.2.7 The CM/GC warrants to City that title to all Work covered by an application for payment will pass to the City no later than the time of payment. The CM/GC further warrants that upon submittal of an application for payment all Work for which payments are received from the City shall be free and clear of liens, claims, security interests or encumbrances in favor of the CM/GC, Subcontractors, material suppliers, or other persons or entities making a claim by reason of having provided labor, materials and equipment relating to the Work.

E.2.8 If CM/GC disputes any determination by City's Authorized Representative with regard to any application for payment, CM/GC nevertheless shall continue to prosecute expeditiously the Work. No payment made hereunder shall be or be construed to be final acceptance or approval of that portion of the Work to which such partial payment relates or shall relieve CM/GC of any of its obligations hereunder.

E.3 PAYROLL CERTIFICATION REQUIREMENT

Payroll certification is required before payments are made on the Contract. Refer to Section C.2 for this information.

E.4 RESERVED

E.5 RETAINAGE

E.5.1 Retainage shall be withheld and released in accordance with ORS 279C.550 to 279C.580:

(1) City may reserve as retainage from any progress payment an amount not to exceed five percent (5%) of the payment. As Work progresses, City may reduce the amount of the retainage and may eliminate retainage on any remaining monthly Contract payments after 50 percent of the Work under the Contract is completed if, in the City's sole opinion, such Work is progressing satisfactorily. Elimination or reduction of retainage shall be allowed only upon written application by the CM/GC, which application shall include written approval of CM/GC's surety; except that when the Work is 97-1/2 percent completed the City may, at its discretion and without application by the CM/GC, reduce the retained amount to 100 percent of the value of the Work remaining to be done. Upon receipt of written application by the CM/GC, City shall respond in writing within a reasonable time.

(2) In accordance with ORS 279C.560 and any applicable administrative rules, CM/GC may request in writing:

(A) to be paid amounts which would otherwise have been retained from progress payments where CM/GC has deposited acceptable bonds and securities of equal value with City or in a custodial account or other mutually-agreed account satisfactory to City, with an approved bank or trust company to be held in lieu of the cash retainage for the benefit of City;

(B) that retainage be deposited in an interest bearing account, established through the State Treasurer for state agencies, in a bank, savings bank, trust company or savings association for the benefit of City, with earnings from such account accruing to the CM/GC; or

(C) that the City allow CM/GC to deposit a surety bond for the benefit of City, in a form acceptable to City, in lieu of all or a portion of funds retained, or to be retained. Such bond and any proceeds therefrom shall be made subject to all claims and liens in the manner and priority as set forth for retainage under

(D) Where the City has accepted the CM/GC's election of option (A) or (B), City may recover from CM/GC any additional costs incurred through such election by reducing CM/GC's final payment. Where the City has agreed to CM/GC's request for option (C), CM/GC shall accept like bonds from Subcontractors and suppliers on the project from which CM/GC has required retainages.

(3) The retainage held by City shall be included in and paid to the CM/GC as part of the final payment of the Contract Price. The City shall pay to CM/GC interest at the rate of one and one-half percent per month on the final payment due CM/GC, interest to commence thirty (30) Calendar Days after the Work under the Contract has been completed, accepted and invoiced in accordance with the terms of this Agreement. CM/GC shall notify City in writing when the CM/GC considers the Work complete and City shall, within fifteen (15) Calendar Days after receiving the written notice, either accept the Work or notify the CM/GC of Work yet to be performed on the Contract. If City does not within the time allowed notify the CM/GC of Work yet to be performed to fulfill contractual obligations, the interest provided by this subsection shall commence to run thirty (30) Calendar Days after the end of the 15-Day period.

(4) In accordance with the provisions of reference ORS 279C.560, City shall reduce the amount of the retainage if the CM/GC notifies the controller of the City that the CM/GC has deposited in an escrow account with a bank or trust company, in a manner authorized by the City's Authorized Representative, bonds and securities of equal value of a kind approved by the City's Authorized Representative.

E.5.2 As provided in subsections C.2.2 and C.2.3, retainage in the amount of 25% of amounts earned shall be withheld and released in accordance with ORS 279C.845(7) when the CM/GC fails to file certified statements as required by section C.2.1 shall be in addition to any retainage withheld as a part of this Section E.5.

E.6 FINAL PAYMENT

E.6.1 Upon completion of all the Work under this Contract, the CM/GC shall notify the City's Authorized Representative, in writing, that CM/GC has completed CM/GC's part of the Contract and shall request final payment. Upon receipt of such notice the City's Authorized Representative will inspect the Work, and if acceptable, submit to the City a recommendation as to acceptance of the completed Work and as to the final estimate of the amount due the CM/GC. If the Work is not acceptable, City will notify CM/GC within fifteen (15) Days of CM/GC's request for final payment. Upon approval of this final estimate by the City and compliance by the CM/GC with provisions in Section K. 3 AFFIDAVIT/RELEASE OF LIENS AND CLAIMS, and other provisions as may be applicable, the City shall pay to the CM/GC all monies due under the provisions of these Contract Documents.

E.6.2 Neither final payment nor any remaining retained percentage shall become due until the CM/GC submits to the City's Authorized Representative, (1) a notarized affidavit/release of liens and claims in a form satisfactory to City that states that payrolls, bills for materials and equipment, and other indebtedness connected with the Work for which the City or the City's property might be responsible or encumbered (less amounts withheld by City) have been paid or otherwise satisfied,(2) a certificate evidencing that insurance required by the Contract Documents to remain in force after final payment is currently in effect and will not be canceled or allowed to expire until at least thirty (30) Days' prior written notice has been given to the City, (3) a written statement that the CM/GC knows of no substantial reason that the insurance will not be renewable to cover the period required by the Contract Documents, (4) consent of surety, if any, to final payment and (5), if required by the City, other data establishing payment or satisfaction of obligations, such as receipts, releases and waivers of liens, claims, security interests or encumbrances arising out of the Contract, to the extent and in such form as may be designated by the City. If a Subcontractor refuses to furnish a release or waiver required by the City, the CM/GC may furnish a bond satisfactory to the City to indemnify the City against such lien. If such lien remains unsatisfied after payments are made, the CM/GC shall refund to the City all money that the City may be compelled to pay in discharging such lien, including all costs and reasonable attorneys' fees.

E.6.3 Acceptance of final payment by the CM/GC, a Subcontractor or material supplier shall constitute a waiver of claims by that payee except those previously made in writing and identified by that payee as unsettled at the time of final application for payment.

SECTION F
JOB SITE CONDITIONS

F.1 USE OF PREMISES

CM/GC shall confine equipment, storage of materials and operation of Work to the limits indicated by Contract Documents, law, ordinances, permits or directions of the City's Authorized Representative. CM/GC shall follow any and all instructions or requirements regarding the use of premises given by the City's Authorized Representative. CM/GC shall not use or disturb City's property, materials or documents except for the purpose of responding to City's request for proposal or invitation to bid or pursuant to completion of the Work under this Contract. CM/GC shall treat all documents as confidential and shall not disclose such documents without approval from City. Any unauthorized disclosure of documents or removal of City property will be deemed a substantial breach of this Contract. CM/GC shall bear sole responsibility for any liability including, but not limited to, attorneys' fees, resulting from any action or suit brought against City as a result of CM/GC's willful or negligent release of information, documents, or property contained in or on City property. City hereby deems all information, documents, and property contained in or on City property privileged and confidential.

F.2 PROTECTION OF WORKERS, PROPERTY, AND THE PUBLIC

- F.2.1 CM/GC shall maintain continuous and adequate protection of all of the Work from damage, and shall protect the City's Authorized Representative, City's workers, school staff, administrators, students, general public and property from injury or loss arising in connection with this Contract. CM/GC shall remedy acceptably to the City, any damage, injury, or loss, except such as may be directly due to errors in the Contract Documents or caused by authorized representatives or personnel of the City. CM/GC shall adequately protect adjacent property as provided by law and the Contract Documents. If any person suffers physical injury or property damage arising from the Work, regardless of the cause, the party shall immediately give notice of such injury or damage, whether or not insured, to City and CM/GC with sufficient detail to enable City and any other party affected to investigate the matter.

The City shall have the right to accelerate the completion date of the Work, which may require the use of overtime to the extent such overtime is not required to achieve Substantial Completion. Such accelerated Work schedule shall be an acceleration in performance of Work under Section D.1.2 (f) and shall be subject to the Change Order process of Section D.1. In the event that overtime or other acceleration is required to achieve the Substantial Completion Date in the Contract Documents, the CM/GC shall be responsible for the additional cost .

The submitted schedule must illustrate Work by significant project components, significant labor trades, long lead items, broken down by building and/or floor where applicable. Each schedule item shall account for no greater than 5 % of the monetary value of the project or 5 % of the available Contract Time. Schedules lacking adequate detail, or unreasonably detailed, will be rejected. Included within the schedule are the following: Notice to Proceed, any interim or phased work completions, Substantial Completion, and Final Completion. Schedules will be updated monthly and submitted with the monthly payment application. Acceptance of the Schedule by the City does not constitute agreement by the City, as to the CM/GC's sequencing, means, methods, or allocated Contract Time. Any positive difference between the CM/GC's scheduled completion and the Contract completion date is float owned by the City. City reserves the right to negotiate the float if it is deemed to be in City's best interest to do so. In no case shall the CM/GC make a request for additional compensation for delays if the Work is completed within the Contract Time but after CM/GC's scheduled completion.

The City may occupy or use any completed or partially completed portion of the Work at any stage, provided such occupancy or use is consented to by public authorities having jurisdiction over the Work. Such partial occupancy or use may commence whether or not the portion is substantially complete, provided the City and CM/GC have reasonably accepted in writing the responsibilities assigned to each of them for payments, retainage, if any, security, insurance or self-insurance, maintenance, heat, utilities, and damage to the Work, and have agreed in writing concerning the period for correction of the Work and commencement of warranties required by the Contract Documents with respect to such portion of the Work. Approval by the CM/GC to partial occupancy or use shall not be unreasonably withheld. Immediately prior to such partial occupancy or use, the City and CM/GC shall jointly inspect the area to be occupied or portion of the Work to be used in order to determine and record the condition of the Work. Partial occupancy or use of a portion or portions of the Work shall not constitute acceptance of Work not complying with the requirements of the Contract Documents.

H.4 BENEFICIAL OCCUPANCY OR USE

The City may take possession of areas of the Project as a part of a scheduled, phased occupancy. Where such Beneficial Occupancy occurs, the CM/GC shall facilitate such occupancy, shall agree to work around occupied areas and shall conduct the balance of the construction of the Work in such a fashion to avoid impeding or otherwise obstructing the access to or activities conducted within the occupied space.

SECTION I CORRECTION OF WORK

I.1 CORRECTION OF WORK BEFORE FINAL PAYMENT

The CM/GC warrants to the City that materials and equipment furnished under the Contract will be of good quality and new unless otherwise required or permitted by the Contract Documents, that the Work will be free from defects, and that the Work will conform to the requirements of the Contract Documents. Work failing to conform to these requirements shall be deemed defective. CM/GC shall promptly remove from the premises and replace all defective materials and equipment as determined by the City's Authorized Representative, whether incorporated in the Work or not. Removal and replacement shall be without loss or expense to the City, and CM/GC shall bear the cost of repairing all Work destroyed or damaged by such removal or replacement. CM/GC shall be allowed a period of no longer than sixty (60) Calendar Days for completion of defective (punch list) work, unless otherwise agreed. At the end of that period, or earlier if requested by the CM/GC, City shall arrange for inspection of the Work by the Architect/Engineer. Should the Work not be complete, and all corrections made, the costs for all subsequent re-inspections shall be borne by the CM/GC. If CM/GC fails to complete the punch list work within the above time period, without affecting CM/GC's obligations City may perform such work and CM/GC shall reimburse City all costs of the same within twenty five (25) days after demand.

I.2 WARRANTY WORK

(1) Neither the final certificate of payment nor any provision of the Contract Documents shall relieve the CM/GC from responsibility for defective Work and, unless a longer period is specified, CM/GC shall correct all defects that appear in the Work within a period of one year from the date of issuance of the written notice of Substantial Completion by the City except for latent defects which will be remedied by the CM/GC at any time they become apparent.

The City shall give CM/GC notice of defects with reasonable promptness. CM/GC shall perform such warranty work within a reasonable time after City's demand. If CM/GC fails to complete the warranty work within such period as City determines reasonable, or at any time in the event of warranty work consisting of emergency repairs, without affecting CM/GC's obligations, City may perform such work and CM/GC shall reimburse City all costs of the same within thirty (30) Days after demand.

(2) This provision does not negate guarantees or warranties for periods longer than one year including without limitation such guarantees or warranties required by other sections of the Contract Documents for specific installations, materials, processes, equipment or fixtures.

(3) In addition to CM/GC's warranty, manufacturer's warranties shall pass to the City and shall not take effect until affected Work has been accepted in writing by the City's Authorized Representative.

(4) The one-year period for correction of Work shall be extended with respect to portions of Work performed after Substantial Completion by the period of time between Substantial Completion and the actual performance of the Work, and shall be extended by corrective Work performed by the CM/GC pursuant to this Section, as to the Work corrected. The CM/GC shall remove from the site portions of the Work which are not in accordance with the requirements of the Contract Documents and are neither corrected by the CM/GC nor accepted by the City.

(5) Nothing contained in this Section I.2 shall be construed to establish a period of limitation with respect to any obligations that the CM/GC has under the Contract Documents. Establishment of the period for correction of Work as described in this Section I.2 relates only to the specific contractual obligation of the CM/GC to correct the Work, and has no relationship to the time within which the obligation to comply with the Contract Documents may be sought to be enforced, nor to the time within which proceedings may be commenced to establish the CM/GC's liability with respect to such obligations.

(6) If the City prefers to accept Work which is not in accordance with the requirements of the Contract Documents, the City may do so instead of requiring its removal and correction, in which case the Contract Price will be reduced as

appropriate and equitable. Such adjustment shall be effected whether or not final payment has been made.

If the suspension was caused by acts or omissions of the City, the CM/GC shall be due compensation which shall be defined using Section D, Changes in Work. If the suspension was required through no fault of the CM/GC or the City, neither party owes the other for the impact.

 - (6) If CM/GC is otherwise in material breach of any part of the Contract.
- J.4.2 At any time that any of the above occurs, City may exercise all rights and remedies available to City at law or in equity, and in addition, City may take possession of the premises and of all materials and appliances and finish the Work by whatever method it may deem expedient. In such case, the CM/GC shall not be entitled to receive further payment until the Work is completed. If the City's cost of finishing the Work exceeds the unpaid balance of the Contract Price, CM/GC shall pay the difference to the City.

J.5 TERMINATION FOR CONVENIENCE

- J.5.1 City may terminate the Contract in whole or in part whenever City determines that termination of the Contract is in the best interest of the public.

J.5.2 The City will provide the CM/GC with five (5) business days' prior written notice of a termination for public convenience. After such notice, the CM/GC shall provide the City with immediate and peaceful possession of the premises and materials located on and off the premises for which the CM/GC received progress payment under Section E. Compensation for Work terminated by the City under this provision will be according to Section E. In no circumstance shall CM/GC be entitled to lost profits for Work not performed due to termination.

J.6.4 CM/GC shall assign to City each subcontract agreement for a portion of the Work provided that: (i.) Assignment is effective only after termination of this Contract by City for cause or stoppage of the Work by City, and only for those subcontract agreements which City accepts by notifying the subcontractor and CM/GC in writing; and (ii). Assignment is subject to the prior rights of the surety, if any, obligated under bond relating to this Contract. Upon such assignment, if the Work has been suspended for more than thirty (30) days, City shall equitably adjust subcontractor's compensation for increases in cost resulting from the suspension.
