

City of Sandy At Your Service

The City of Sandy is working with North Star Destination Strategies to determine how best to communicate what makes our community special to

visitors, residents, and businesses in 2017 and beyond. As a part of this initiative, North Star developed a customized community-wide online survey. The questionnaire has been carefully crafted to determine Sandy's strengths, weaknesses, challenges, and opportunities. All who live and work in Sandy are invited and encouraged to participate in this important study. The survey can be found at www.cityofsandy.com under activities and events then click on News.

Thank you, and if you are interested in learning more about this branding initiative email: kyamashita@cityofsandy.com
