There will be two questions on the ballot this November specific to voters in the City of Sandy. The first will be: **Shall Sandy prohibit medical marijuana processors, medical marijuana dispensaries, recreational marijuana producers, processors, wholesalers, and retailers in the City?**

Currently, the City of Sandy has an ordinance prohibiting these establishments from locating in the city limits. A "yes" vote this November would continue the prohibition, a "no" vote would allow these facilities to locate in the city limits. Restrictions on the operation of these facilities and land use laws have been brought before the Council and will be in place prior to the election if citizens overturn the prohibition.

There will also be a second question on the ballot: **Shall Sandy impose a three percent tax on the sale of marijuana items by a marijuana retailer?**

This second question is related to the first and voters can decide if a 3% tax on the sale of marijuana items should be imposed. Although it is related to the first question, this second question can be decided by voters independent of the outcome of the first question.
