Morning Matt, I'm looking to see if I can get in writing your approval of Ria's wastewater connection at her temporary food cart. Have you had a chance to stop by there and take a look? We need to get a retroactive notice and final order issued and need to have the approval from PW that her connection looks good. Let me know if you have any questions..

Thanks Matt!!

Good morning Rebecca,

Yes it looked good to me, with the understanding that it would be cleaned out every few days. I gave Ria a sheet of paper with step by step instructions on how to properly clean a grease interceptor.

Thanks
